

Satellite navigation programmes EGNOS and Galileo: implementation of the deployment and commercial operating phases 2008-2013. GNSS Regulation

2004/0156(COD) - 21/04/2005

Following the agreement it had already reached in December 2004, the Council formalised a partial general approach concerning the proposal for a Regulation on the implementation of the deployment and commercial operating phases of the European satellite radio navigation programme, before taking a final decision at the close of the discussions on the future financial perspective 2007-2013.
