Decision 2011/0580 OJ L 250 27.09.2011, p. 0162 Summary

2009 discharge: European Food Safety Authority EFSA

2010/2178(DEC) - 20/07/2010 - Non-legislative basic document

PURPOSE: presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2009, as part of the 2009 discharge procedure.

Analysis of the accounts of the **European Food Safety Authority (EFSA)**.

CONTENT: this Commission document sets out the consolidated annual accounts of the European Union for the financial year 2009 as prepared on the basis of the information presented by the institutions, organisations and bodies of the EU, in accordance with Article 129 (2) of the Financial Regulation applicable to the EU's General Budget, including the European Food Safety Authority (EFSA).

In 2009, the tasks and budget of this agency were as follows:

- **description of EFSA's tasks:** EFSA, which is located in Parma, was established by [Regulation \(EC\) No 178/2002 of the European Parliament and of the Council of 28 January 2002](#). Its main tasks are to supply the scientific information needed for Union legislation to be drawn up, to collect and analyse data that allow risks to be identified and monitored and to provide independent information on these risks.
- **EFSA's budget for the 2009 financial year:** the Authority's 2009 budget amounted to EUR 71.4 million compared with EUR 66.4 million the previous year. The number of staff employed by the Authority at the end of the year was 326 as compared with 318 the previous year.

The complete version of EFSA's final accounts may be found at the following address: <http://www.efsa.europa.eu/en/funding/accounts.htm>

2009 discharge: European Food Safety Authority EFSA

2010/2178(DEC) - 16/09/2010 - Court of Auditors: opinion, report

PURPOSE: presentation by the Court of Auditors of its report on the annual accounts of the European Food Safety Authority (EFSA).

CONTENT: in accordance with the tasks and objectives conferred on it by the Treaty on the Functioning of the European Union (TFEU), the Court of Auditors, in the context of the discharge procedure, addresses to the European Parliament and the Council a Statement of Assurance on the reliability of the annual accounts, as well as of the legality and regularity of the transactions underlying them of each EU institution, body or agency, on the basis of an external, independent audit.

This audit also covered the annual accounts of the European Food Safety Authority (EFSA).

In the Court's opinion, **the Authority's annual accounts presented "fairly, in all material respects", its financial position as of 31 December 2009** and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation.

The Court also stated that the **transactions underlying the annual accounts** of the Authority for the financial year ended 31 December 2009 were, "in all material respects, **legal and regular**".

The report again confirmed that the Authority's 2009 final budget amounted to EUR 71.4 million (including the released reserve of EUR 2 million). It employed 326 agents during the 2009 financial year.

The report also included comments on the Authority's budgetary and financial management, together with the Authority's replies. The main comments are as follows:

The Court's comments:

- budgetary planning problems: the Authority should strengthen the budget processes related to its differentiated appropriations;
- carry-overs and cancellation of appropriations: of the EUR 9.3 million carried over from 2008 for operating activities, EUR 1.8 million had to be cancelled at year end, mainly due to the delayed implementation of 2007 and 2008 science grants;
- difficulties in the implementation of the 2009 work programme and is at odds with the budget principles of annuality and specification.
- missing supporting documents for eight 2008 science grant agreements.

The Authority's replies:

- improved budgetary processes to avoid the repetition, in 2010, of the situation described by the Court;
- taking of measures in April 2010 to improve the project planning and monitoring as well as the evaluation of the financial offers;
- taking of measures to better pre-define and document the conditions triggering payment of possible additional pre-financing.

Lastly, the Court of Auditor's report contained a summary of the Authority's activities in 2009 in the following areas:

- risk assessment and scientific cooperation outputs (scientific opinions, guidance documents, etc...);
- communication of scientific advice and facilitation of dialogue with interested parties.

2009 discharge: European Food Safety Authority EFSA

2010/2178(DEC) - 10/05/2011 - Text adopted by Parliament, single reading

The European Parliament adopted by 510 votes to 82, with 32 abstentions a decision to grant discharge to the Executive Director of the European Food Safety Authority for implementation of the Authority's budget for the financial year 2009.

Noting that the Authority's annual accounts for the financial year 2009 are reliable, and the underlying transactions are legal and regular, Parliament approves the closure of the Authority's accounts. However, it makes a number of recommendations that need to be taken into account when the discharge is granted (in addition to the general recommendations that appear in the resolution on financial management and control of EU agencies - see [DEC/2010/2271](#)):

- **performance:** Parliament notes that the Authority's 2009 budget amounted to EUR 71.4 million compared to EUR 66.4 million in 2008. It recalls that an overall reserve of EUR 4.546 million was introduced by the budgetary authority to the Authority's budget and that EUR 2 million of the reserve was released in November 2009 to implement the IT development and infrastructure projects of the Authority once it had clarified some issues relating to the budget reserve. It notes that the other part of the reserve has been allocated to the same policy area in order to contribute to effective response measures against the H1N1 pandemic. It stresses the need for the Authority to ensure its **advice is of a high quality and is independent**, in order to guarantee compliance with Union safety standards, scientific excellence and independence on all matters with a direct or indirect impact on food and feed safety, and plant protection. It recommends, particularly in the interests of transparency, measures to further foster and monitor internal rules on declarations of interest of staff of the Authority;
- **budgetary and financial management:** Parliament calls on the Authority to strengthen the budget processes related to its differentiated appropriations and the planning and monitoring of its multiannual implementation. It notes that EUR 6 million (75 %) of the differentiated appropriations for science grants and scientific cooperation projects had to be cancelled, of which EUR 3.1 million were funds allocated in excess of the needs identified by the Authority. It, therefore, urges the Authority to improve its budget management in order to reduce its high carryover amounts. It stresses that, for the fourth successive year, the Court of Auditors has flagged up carryovers of appropriations to the following year and that this situation demonstrates weaknesses in the Authority's contract management. They also regret that certain commitments for operational activities carried over from the previous year had to be cancelled and urge the Authority to remedy this recurring problem;
- **internal audit:** Parliament calls on the Authority to be more transparent and to take appropriate measures in case of conflicts of interest (between scientists, board and panel members), so that possible omissions in the declarations of interest can be detected and followed by action in a timely manner.

2009 discharge: European Food Safety Authority EFSA

2010/2178(DEC) - 03/02/2011

Based on the observations contained in the revenue and expenditure account and the balance sheet of the European Food Safety Authority (EFSA) for the financial year 2009, as well as on the Court of Auditor's report and the Authority's replies to the Court's observations, the Council recommends that the Parliament grant the Executive Director of the Authority discharge in respect of the implementation of the budget for the financial year 2009.

The Council welcomes the Court's opinion that, on the one hand, the Authority's annual accounts present fairly, in all material aspects, the financial position as at 31 December 2009 and the results of operations and cash-flows for the year then ended, in accordance with the provisions of the Authority's Financial Regulation, and that, on the other hand, the underlying transactions for the financial year ended on 31 December 2009 are, in all material respects, legal and regular.

However, the Council considers that observations made in the Court of Auditor's report call for a certain number of observations to be taken into account when granting discharge, particularly on the following points:

- **budgetary planning:** the Council encourages the Authority to pursue the implementation of the measures improving the planning and the monitoring of the use of differentiated appropriations, of contract management and of IT projects;
- **documents:** the Council also urges the Authority to better pre-define and document the conditions for possible additional pre-financing.

2009 discharge: European Food Safety Authority EFSA

2010/2178(DEC) - 10/05/2011 - Final act

PURPOSE: to grant discharge to the European Food Safety Authority Control in respect of the implementation of the Agency's budget for the financial year 2009.

NON-LEGISLATIVE ACT: Decision 2011/580/EU of the European Parliament on discharge in respect of the implementation of the budget of the European Food Safety Authority for the financial year 2009.

CONTENT: with the present decision, the European Parliament grants discharge to the Executive Director of the European Food Safety Authority for the implementation of its budget for the financial year 2009.

This decision is in line with the European Parliament's resolution adopted on 10 May 2011 and comprises a series of observations that form an integral part of the discharge decision (please refer to the summary of the opinion of 10/05/2011).

A parallel decision, adopted on the same day, approves the closure of this Agency's accounts.
