2011 discharge: EU general budget, European Data Protection Supervisor

2012/2175(DEC) - 25/07/2012 - Non-legislative basic document

PURPOSE: presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2011, as part of the 2011 discharge procedure.

Analysis of the accounts of the EU Institutions: Section IX – **European Data Protection Supervisor - EDPS**

Legal reminder: the consolidated annual accounts of the European Union for the year 2011 have been prepared on the basis of the information presented by the institutions and bodies under Article 129.2 of the Financial Regulation applicable to the general budget of the European Union. They were prepared in accordance with Title VII of this Financial Regulation and with the accounting principles, rules and methods set out in the notes to the financial statements.

The objective of the financial statements is to provide information about the financial position, performance and cashflow of an entity that is useful to a wide range of users. The objective is to provide information useful for decision making, and to demonstrate the accountability of the entity for the resources entrusted to it.

1) Purpose: the document helps to bring insight into the EU budget mechanism and **the way in which the budget has been managed and spent in 2011**. It recalls that the European Union's operational expenditure covers the various headings of the financial framework and takes different forms, depending on how the money is paid out and managed. In accordance with the Financial Regulation, the Commission implements the general budget using the following methods: direct or indirect centralised management (by means of bodies or agencies of public law or other); decentralised management where the Commission delegates certain tasks for the implementation of the budget to third countries; and, thirdly, shared management where budget implementation tasks are delegated to Member States, in areas such as agricultural expenditure and structural actions.

The document also presents the different financial actors involved in the budget process (accounting officers, internal officers and authorising officers) and recalls their respective roles in the context of the tasks of sound financial management.

Amongst the other legal elements relating to the implementation of the EU budget presented in this document, the paper focuses on the following issues:

- accounting principles applicable to the management of EU spending (business continuity, consistency of accounting methods, comparability of information ...);
- consolidation methods of figures for all major controlled entities (the consolidated financial statements of the EU comprise all significant controlled entities –institutions, organisations and agencies, this being 50 controlled entities, 5 joint ventures and 4 associates. In comparison with 2010, the scope of consolidation has been extended by 7 controlled entities (one institution, 6 agencies);
- the recognition of financial assets in the EU (tangible and intangible assets, financial assets and other miscellaneous investments);
- the way in which EU public expenditure is committed and spent, including pre-financing (cash advances intended for the benefit of an EU organ);
- the means of recovery following irregularities detected;
- the *modus operandi* of the accounting system;
- the audit process followed by the European Parliament's granting of the discharge.

To recap, the **final control is the discharge of the budget for a given financial year. The discharge represents the political aspect of the external control of budget implementation** and is the decision by which the European Parliament, acting on a Council recommendation, "releases" the Commission from its responsibility for management of a given budget by marking the end of that budget's existence. When granting the discharge, Parliament may highlight some observations that it considers important, often by recommending that the Commission **takes action on the aspects in question**.

The document also details specific expenditure of the institutions, in particular: i) pensions of former Members and officials of institutions; ii) joint sickness insurance scheme and iii) buildings.

Lastly, the document presents a series of tables and detailed technical indicators on (i) the balance sheet; (ii) the economic outturn account; (iii) cashflow tables; (iv) technical annexes concerning the financial statements.

2) Implementation of appropriations under Section IX of the budget for the financial year 2011: the document comprises a series of detailed tables, the most important concerning the implementation of the budget. Concerning the EDPS's expenditure, the table on the financial and budgetary implementation of this institution is presented as follows (information drawn from the [Budget and Financial Management Report for the 2011 financial year](#)):

Budget 2011: the EDPS's 2011 budget presents itself as follows:

- available appropriations: EUR 7.564 million;
- commitments: EUR 6.755 million (rate of implementation: 89.31%);
- payments: EUR 6.698 million.

3) Budgetary implementation – conclusions: in more general and political terms, the EDPS's budgetary implementation for the financial year 2011 was chiefly marked by the following activities:

- consolidation of administrative cooperation (follow-up of the technical set-up of the EDPS, cooperation with various European Commission and Parliament DGs, extended cooperation agreement for the second time for a period of two years);
- conclusion of new cooperation agreements with the Commission's Human Resources and Informatics DGs, as well as with the European Institute of Administration; continuation of other international agreements with the European Parliament and other institutions for the everyday management of the EDPS, with a view to reducing costs;
- impact of the entry into force of the Lisbon Treaty: expanded tasks in relation to the Stockholm programme and a resulting increase in staff (total staff in 2011: 41);
- as regards budget, its adaptation to the expanded scope of the EDPS's tasks and the cost of living.

2011 discharge: EU general budget, European Data Protection Supervisor

2012/2175(DEC) - 06/09/2012

OBJECTIVE: presentation of the Report of the Court of Auditors on the 2011 budget (section IX – European Data Protection Supervisor).

CONTENT: the Court of Auditors published its 35th Annual Report on the implementation of the EU budget for the 2011 financial year.

In accordance with the tasks and objectives conferred on the Court of Auditors by the Treaty on the Functioning of the European Union, it provides under the discharge procedure, for both the European Parliament and Council, a statement of assurance ("DAS") about the reliability of the accounts and the legality and regularity of the transactions of each institution, body or agency of the EU, based on an independent external audit.

The audit also focuses on the budget implementation of the Committee of the Regions.

On the basis of its audit work, the Court considers that payments for "Administrative and other expenditure" policy are, overall, significantly error-free. **The estimated error rate is 0.1 %.**

The Court, however, draws attention to the errors and weaknesses which did not affect the Court's conclusion. The Court examined a sample of **procurement procedures** and noted several weaknesses in the application of selection and award criteria, some of which had an impact on the results of the procedure. Other weaknesses relate to the organisation of cross border competition, to the management of automatic award procedures and to the respect of provisions as regards the drafting and filing of tendering documents.

The Court also detects weaknesses when it reviewed a sample of calculations and **payments of social allowances** as well as a sample of employment contracts concluded with temporary agents.

The Court therefore recommends that the institutions and bodies of the EU take steps to: (i) guarantee that staff deliver, at appropriate intervals, **documents confirming their personal situation** and implement a system for the timely monitoring of these documents; (ii) ensure that authorising officers improve **the design, coordination and performance of procurement procedures** through appropriate checks and better guidance.

The Court also makes a number of comments specific to each institution or body of the European Union. These observations do not affect the positive overall appraisal given that they do not significantly affect overall administrative expenditure. However, in the specific case of the audit of the Committee of the Regions, **the Court's audit did not identify any significant weakness.**

Follow-up to the Court of Auditors 2010 Annual Report: as regards the payment of social allowances to staff members, the Court indicated that staff should be requested to deliver, at appropriate intervals, documents proving their personal situation. In this regard, the European Data Protection Supervisor should improve its system for the timely monitoring and control of these documents.

To this effect, the Supervisor indicates that it has implemented tools for better management of the allowances (formal contacts within the EDPS's Office and with the Office for Administration and Payment of Individual Entitlements and yearly information fiche). The Court's audit showed that these measures were effective.

2011 discharge: EU general budget, European Data Protection Supervisor

2012/2175(DEC) - 01/02/2013

In view of the observations made in the Court of Auditor's report, the Council calls on the European Parliament **to grant discharge to all of the Union's institutions in regard to the implementation of their respective budgets for the financial year 2011.**

Overall, the Council's remarks are positive in regard to the expenditure of the institutions since it notes that, again in 2011, the administrative expenditure of EU institutions and bodies **remained free from material error and that their supervisory and control systems continued to comply** with the requirements of the Financial Regulation.

Nevertheless, the Council regrets that in some institutions **weaknesses were still detected in the payment of social allowances to staff members**, in the employment contracts for non-permanent staff and in procurement procedures.

It welcomes the measures already taken and encourages the institutions concerned to address the remaining weaknesses pointed out by the Court.

The Council notes the Court's recommendations that the institutions concerned should ensure that staff regularly deliver documents on their personal situation, that the relevant provisions are applied when concluding, extending or modifying employment contracts with non-permanent staff, and that the authorising officers further improve guidance and appropriate checks concerning procurement procedures.

2011 discharge: EU general budget, European Data Protection Supervisor

2012/2175(DEC) - 21/03/2013 - Committee report tabled for plenary, single reading

The Committee on Budgetary Control unanimously adopted the report by Andrea EŠKOVÁ (ECR, CZ) in which it calls on the European Parliament to grant the European Data Protection Supervisor discharge in respect of the implementation of its budget for the financial year 2011.

Members welcome the conclusion of the Court of Auditors that the payments as a whole for the year ended on 31 December 2011 for administrative and other expenditure of the European Data Protection Supervisor were free from material error. They observed that no significant weaknesses had been identified in respect to the audited topics related to the human resources and procurement for the Supervisor.

Members note that, in 2011, the Supervisor had a total of EUR 7 564 137 in commitment appropriations and that the implementation rate of those appropriations was 89.31%. They find this a positive development but call for further efforts to improve the implementation rate and for the changes made to be monitored and expect engagement to exceed 90% next year.

Lastly, the report calls on the Supervisor to include an exhaustive table of all the human resources at the Supervisor's disposal, broken down by category, grade, sex, participation in professional training and nationality in the next annual activity report.

2011 discharge: EU general budget, European Data Protection Supervisor

2012/2175(DEC) - 17/04/2013 - Text adopted by Parliament, single reading

The European Parliament adopted by 593 votes to 52 with 12 abstentions, a decision granting the European Data Protection Supervisor discharge in respect of the implementation of its budget for the financial year 2011.

In its resolution accompanying the decision, Parliament notes the conclusion of the Court of Auditors that the payments as a whole for the year ended on 31 December 2011 for administrative and other expenditure were free from material error. It also observes that no significant weaknesses had been identified in respect to the audited topics related to the human resources and procurement for the Supervisor.

At the same time, Parliament notes that, in 2011, the Supervisor had a total of EUR 7 564 137 in commitment appropriations and that the implementation rate of those appropriations was 89.31%. It finds this a positive development but calls for this rate to exceed 90% in 2012.

Members call on the Supervisor to include an exhaustive table of all the human resources at the Supervisor's disposal, broken down by category, grade, sex, participation in professional training and nationality in the next annual activity report.

Videosurveillance: Parliament welcomes the Supervisor's inspection report on 13 Brussels-based Union institutions and bodies verifying that the public is informed about video-surveillance in an effective and comprehensive manner by Union institutions and bodies. It suggests the exchange of that information and best practices with the national data protection authorities.

2011 discharge: EU general budget, European Data Protection Supervisor

2012/2175(DEC) - 17/04/2013 - Final act

PURPOSE: to grant discharge to European Data Protection Supervisor for the financial year 2011.

NON-LEGISLATIVE ACT: Decision 2013/550/EU of the European Parliament on discharge in respect of the implementation of the European Union's General Budget, section IX – European Data Protection Supervisor, for the financial year 2011.

CONTENT: with the present decision, and in accordance with Article 318 of the Treaty on the Functioning of the European Union (TFEU), the European Parliament grants discharge to the European Data Protection Supervisor in respect of the implementation of the budget for the financial year 2011.

The decision is in line with the European Parliament's resolution adopted on 17 April 2013 and comprises a series of observations that form an integral part of the discharge decision (please refer to the summary of the opinion of 17 April 2013).
