Final act

Regulation 1996/414 OJ L 059 08.03.1996, p. 0001 Summary

Fishing activities carried out in the waters of the Baltic Sea, the Belts and the Sound

OBJECTIVE: to lay down certain additional monitoring measures applicable to fishing activities carried out by Community vessels in the waters of the Baltic, the Belts and the Sound in the light of certain recommendations made by the Baltic Commission (meetings of 12-16 September 1994) which the Community is bound to implement as a contracting party to the Baltic Convention. SUBSTANCE: under the Convention on fishing and conservation of the living resources in the Baltic Sea, the Gdansk Convention, to which the Community acceded in 1983, the Community is obliged to incorporate into its own legislation measures adopted by the Baltic Commission at its 20th session. These measures apply solely to the waters of the Baltic Sea, the Belts and the Sound within the specific area defined in the regulation, and cover the following points: . communication to the Baltic Commission by the European Commission of a list of all Community fishing vessels engaged in fishing for cod within the designated area; only the vessels listed shall be authorised to fish in that area; . similarly, the Baltic Commission must be notified on a monthly basis of all the landings made by each individual fishing vessel flying the flag of a Member State or of another contracting party of the Baltic Convention; . it shall be prohibited for vessels to transship quantities of cod caught in the Baltic Sea without authorisation from the competent authorities; . it shall be prohibited to land or transship catches made by vessels flying the flag of a contracting party after the quota allocated to it has been used up. ?

Fishing activities carried out in the waters of the Baltic Sea, the Belts and the Sound

The ESC endorsed the Commission proposal.

Fishing activities carried out in the waters of the Baltic Sea, the Belts and the Sound

A report by Mr Heinz KINDERMANN (PES, GER) was unanimously adopted without amendment on a Commission proposal to improve monitoring measures in the Baltic Sea, the Belts and the Sound. The proposal, which in effect only implemented recommendations already agreed in 1994 with the Baltic Sea Fishery Commission, was not considered by Members to be contentious in itself. However, as with other international agreements, the report points out the nonsense of seeking Parliament's opinion on matters which, in this case, were concluded over one year ago.

Fishing activities carried out in the waters of the Baltic Sea, the Belts and the Sound

In adopting the report by Mr KINDERMANN (PSE, D), the European Parliament approved the proposal for a regulation without amendment. ?

Fishing activities carried out in the waters of the Baltic Sea, the Belts and the Sound

OBJECTIVE: to lay down certain additional monitoring measures applicable to fishing activities carried out by Community vessels in the waters of the Baltic, the Belts and the Sound in the light of certain recommendations made by the Baltic Commission which the Community is bound to implement as a contracting party to the Baltic Convention. **COMMUNITY MEASURE:** Council Regulation (EC) No 414/96 laying down certain monitoring measures applicable to fishing activities carried out in the waters of the Baltic Sea, the Belts and the Sound. **SUBSTANCE:** Under the Convention on fishing and conservation of the living resources in the Baltic Sea, the Gdansk Convention, to which the Community acceded in 1983, the Community is obliged to incorporate into its own legislation measures adopted by the Baltic Commission at its 20th session (12-16 September 1994). These measures apply solely to the waters of the Baltic Sea, the Belts and the Sound within the specific area defined in the regulation, and cover the following points: . communication to the Baltic Commission by the Commission of the European Communities of a list of all Community fishing vessels engaged in fishing for cod within the designated area; . only the vessels listed shall be authorized to fish in that area; . similarly, the Baltic Commission must be notified on a monthly basis of all the landings made by each individual fishing vessel flying the flag of a Member State or of another contracting party to the Baltic Convention; . it shall be prohibited for vessels to transship quantities of cod caught in the Baltic Sea without authorisation from the competent authorities; . it shall be prohibited to land or transship catches made by vessels flying the flag of a contracting party after the quota allocated to it has been used up. **ENTRY INTO FORCE:** 15 March 1996 ?
