Final act

[Directive 1996/58](#)
[OJ L 236 18.09.1996, p. 0044](#) Summary

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

OBJECTIVE: the proposal for a directive aims to abolish the requirement to indicate on each item of PPE (personal protective equipment) the year in which the "EC" marking was affixed. This administrative simplification would cut PPE manufacturing costs by 5% without affecting the level of safety (the date of obsolescence and the lifetime of PPEs subject to ageing are retained). SUBSTANCE: abolition of the requirement to indicate on each item of PPE the year in which the "EC" marking was affixed (i.e. the year of manufacture of the PPE). This indication was not beneficial to the safety of the user of the equipment and might be confused with the date of obsolescence which must be affixed to PPEs subject to ageing. The Member States will be required to implement this directive from 1 January 1997. ?

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

The Committee approves this proposal aimed to simplify costly administrative requirements imposed on the manufacturers because no aspects relating to users' health and safety will be diminished, and proper technical consultation of interested parties (which expressed their approval) has been carried on by the Commission.?

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

The committee approved the Commission's proposals without amendments. ?

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

Adopting the report by Mr WOLF (V, D), the European Parliament approved the proposal to amend a directive without amendment.?

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

The only change made by the common position of the Council to the original proposal by the Commission consisted of setting a deadline (01/01/1997) for transposition of the Directive by the Member States instead of a date which would have varied in relation to the date of final adoption of the Directive (3 months after adoption). ?

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

As the amendment proposed by the Council did not change the date of application of the directive for the Member States, the Commission was willing to accept the Council's common position.?

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

(report by Mr Friedrich WOLF). The common position was adopted without amendment.?

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

In adopting the recommendation for second reading by Mr Friedrich WOLF (Greens, D), Parliament approved the common position of the Council. ?

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

Following Parliament's approval of its common position, the Council adopted the amendment to Directive 89/686/EEC.

Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

OBJECTIVE: to abolish the requirement to indicate on each item of PPE (personal protective equipment) the year in which the 'EC' marking was affixed. This administrative simplification will cut PPE manufacturing costs by 5% without affecting the level of safety (the date of obsolescence and the lifetime of the protective equipment subject to ageing are retained). COMMUNITY MEASURE: Directive 96/58/EC of the European Parliament and the Council, amending Directive 89/686/EEC on the approximation of the laws of the Member States relating to personal protective equipment (PPE). SUBSTANCE: abolition of the requirement to indicate on each item of PPE the year in which the 'EC' marking (i.e. the year of manufacture of the PPE) was affixed, since this indication: . is not a factor beneficial to the safety of the user of the

equipment, . might be confused with the date of obsolescence which must be affixed to PPE subject to ageing. DATE OF ENTRY INTO FORCE: 7 October 1996 DEADLINE FOR TRANSPOSITION INTO NATIONAL LEGISLATION: 1 January 1997. ?
