Milk and milk products: common organisation of the market COM

OBJECTIVE: the purpose of the Commission proposal is to undertake codification of Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products. The new regulation will supersede the various directives incorporated in it; their content is fully preserved, and they are brought together with only such formal amendments as are required by the codification exercise itself. This codified text will be used as the basis for the further development of legislation in this field. ?
