Marketing of vegetable seed

OBJECTIVE : the proposed consolidated version of Council Directive 70/458/EEC of 29 September 1970 on the marketing of vegetable seed forms part of a much larger programme of consolidation of the provisions on seeds and propagating material for agriculture, horticulture and forestry. It aims at legislative consolidation. The existing directives will be replaced by one new one which will leave their substance untouched but will assemble them into a single text, with only the formal amendments required by the operation itself. This codified text will serve as a basis for future legislative developments in this field. ?

Marketing of vegetable seed

Parliament approved the proposal for codification of the directive on the marketing of vegetable seeds.?

Marketing of vegetable seed

This amended proposal aims to take account of the legislative changes since the initial proposal for codification of Directive 70/458/EEC on the marketing of vegetable seed was presented and of the outcome of the Council's work on this proposal. This amended proposal also takes account of amendments purely of form or wording by the Consultative Working Party of Legal Services set up under the Interinstitutional Agreement of 20 December 1994 on an accelerated working method for official consolidation of legislative texts, where these are considered justified. ?
