## Marketing of cereal seed

---

OBJECTIVE : the proposed consolidated version of Council Directive 66/402/EEC of 14 June 1970 on the marketing of cereal seed forms part of a much larger programme of consolidation of the provisions on seeds and propagating material for agriculture, horticulture and forestry. It aims at legislative consolidation. The existing directives will be replaced by one new one which will leave their substance untouched but will assemble them into a single text, with only the formal amendments required by the operation itself. This codified text will serve as a basis for future legislative developments in this field. ?

## Marketing of cereal seed

---

Parliament approved the proposal for codification of the directive on the marketing of seeds and cereals.?

## Marketing of cereal seed

---

This amended proposal aims to take account of the legislative changes that have taken place since the publication of the initial proposal to codify Council Directive 66/402/EEC concerning the marketing of cereal seeds and the results of the Council's work regarding this proposal. The amended proposal also takes account of amendments purely of form or wording suggested by the Consultative Working Party of Legal Services set up under the 20.12.1994 Inter-Institutional Agreement on an accelerated working method for official consolidation of legislative texts, where these are considered justified.?
