EC/Mauritania fisheries agreement: cooperation agreement in the sea fisheries sector

The Committee adopted the report by Mr IMAZ SAN MIGUEL (PPE, E) on the amendment of the Agreement on cooperation in the sea fisheries sector with the Islamic Republic of Mauritania. The changes envisaged in the Agreement under review were not such that they would require Parliament's assent, since they could not be considered to have 'important budgetary implications'. ?

EC/Mauritania fisheries agreement: cooperation agreement in the sea fisheries sector

Adopting the report by Mr Josu Jon IMAZ SAN MIGUEL (PPE, E), the European Parliament approved the amendment to the agreement on cooperation in the fisheries sector concluded between the Community and Mauritania. However, it reiterated that the legal basis for the

conclusion of the agreement called for the assent of the European Parliament. However, as the proposed changes did not have any "important budgetary implications", the assent procedure could be dispensed with in this case.?
