In adopting the report by Mr Edouard des PLACES (I-EDN, F), the European Parliament tabled only a few amendments to the Commission's proposals for the price of agricultural products (1998-1999). It calls for a coefficient adjustment for all CMOs in order to compensate for the possible disappearance of the green rate on 1 January 1999 for the Member States participating in the single currency. It calls for aid in respect of silkworms to be fixed at ECU 150 per box of silkworm eggs used while the Commission proposes that the current level (ECU 133.26) be maintained.?
