Final act
Decision 2001/504 OJ L 183 06.07.2001, p. 0028-0032 Summary

EC/Latvia Europe agreement: free competition and undertakings (art. 64 1 and 2 of the Agreement)

OBJECTIVE: to define the position to be taken by the Community within the Association Council between the European Union and the Republic of Latvia on the implementation of the provisions of the Europe Agreement on competition provisions applicable to undertakings. SUBSTANCE: the competition provisions of the Europe Agreement concluded between the European Communities and Latvia (see procedure file AVC95129) form part of the fundamental provisions of the agreement. Their actual implementation through the adoption of the rules proposed in this proposal for a decision is a prerequisite for the smooth development of trade relations between the parties. To this end the proposal: - lays down procedures for cooperation between the two parties' competition authorities, - confirms the principles embodied in the block exemption rules in force in the Community, - provides for a consultation procedure within the Association Council should disagreement arise between the authorities referred to above. The proposal also makes provision, in accordance with Article 2(1) of the Decision of the Council and the Commission of 19 December 1997 on the conclusion of the Europe Agreement (98/98/EC/ECSC/Euratom), concerning the position that the Community should adopt in the Association Council. It is to be laid down in accordance with the corresponding provisions of the Treaties establishing the three Communities. The legal basis for the position to be adopted by the Community in the Association Council with regard to rules of the implementation of the competition provisions applicable to undertakings is therefore Articles 87, 235 and 228 of the EC Treaty and Article 65 and 66 of the ECSC Treaty. ?

EC/Latvia Europe agreement: free competition and undertakings (art. 64 1 and 2 of the Agreement)

The Committee endorsed unanimously the report by Mr SEPPÄNEN (GUE/NGL,FIN) recommending to the plenary the approval of the Commission's proposals concerning the position to be taken by the Community, within the Association Council established by the Association Agreement with Latvia on the rules for the implementation of the provision in that Agreement that the parties shall conduct a competition policy and apply public aid in accordance with identical basic principles (consultation procedure). The Association Agreements were signed in June 1995 and entered into force on 1 February 1998, following their ratification by the European Parliament and the parliaments of all Member

States. The Draft Decisions of the respective Association Councils as proposed by the Commission lay down fundamental principles of competition policy, the competent competition authorities, procedures for consultation and information in cases of mutual interest and cooperation between authorities. The Association Agreements lay down that the Association Council for each country shall adopt the necessary implementing provisions by the end of 1997. Although this deadline expired at the beginning of the year, the rapporteurs take the view that it is crucial that the European Parliament delivers its opinion as quickly as possible, so that the timetable for introduction of competition rules in the Baltic States can be brought into line with the timetable for the other associated countries of Central and Eastern Europe. ?
