Small and medium-sized enterprises SMEs: participation of the Slovak Republic in the Community programme

OBJECTIVE: as an element in the pre-accession strategy, to open up the third Community programme for SMEs to the Slovak Republic for the years 1998, 1999 and 2000. SUBSTANCE: the proposal for a decision by the EC-Slovak Republic Association Council lays down the conditions and procedures for the Slovak Republic's participation in the Multiannual Community Programme for SMEs. In particular, the Slovak Republic: -will participate, unless otherwise provided in the proposal, in all actions of the Programme under the same conditions as the Member States; -in order to ensure the Community dimension of the Programme, will include in all transnational projects and activities which it proposes a minimum number of partners from the Member States; -will pay a contribution to the budget of the Community to cover the costs arising from its participation in the programme. The contribution is to cover the financial aid provided to Slovak entities under the programme and additional administrative costs imputable to the management of the programme by the Commission (approx. 7%). It amounts to ECU 288 900 per annum in 1998, 1999 and 2000. To some extent, the Community will be able to participate in the payment of these contributions by deducting the necessary amounts from the annual allocation to Phare/Slovakia (subject to the usual programming procedures, Phare would contribute 50% of the annual costs envisaged, the remainder being met from the Slovak Republic's national budget). The Slovak Republic will facilitate the free movement and residence of all private persons receiving funding under the programme and moving between Slovakia and the Member States. It will be involved in the monitoring of its participation in the programme in order to prepare for the Community decision-making process with a view to accession (particularly by attending coordination meetings before meetings of the management committee and by being informed of the latter's decisions). Slovakia's participation is valid for the duration of the programme (i.e. until 31.12.2000). ?

Small and medium-sized enterprises SMEs: participation of the Slovak Republic in the Community programme

The EMAC has adopted the report by Mr Paul RÜBIG (EPP, A) approving a proposal for a Council Decision extending the third Multi annual (1997-2000) SME programme to Bulgaria, the Czech Republic, Estonia, Hungary, Poland, Romania and the Slovak Republic. Under the terms of the proposal, the Countries concerned are to bear the cost of their participation. The Committee adopted a number of amendments seeking to improve the financial management and administration of the programme. Amendments also stress the need to maintain transparency with regard to both management of the programme (committee procedure) and to the Community contribution.?
