EC General budget: 8th amendment 1977 Financial regulation including 3rd phase of EMU (euro, Stability Pact)

OBJECTIVE: specific changes to the Financial Regulation pending its total reworking. SUBSTANCE: this proposal seeks a limited amendment of the Financial Regulation in order to take account of: - the start of the third phase of economic and monetary union which involves the introduction of the euro, replacing both the ecu and the national currencies of the participating Member States as the common currency of these countries; - the Treaty of Amsterdam which repealed Protocol No 16 of the Maastricht Treaty on the Economic and Social Committee and the Committee of the Regions, which provides for a common organisational structure for the two bodies. ?

EC General budget: 8th amendment 1977 Financial regulation including 3rd phase of EMU (euro, Stability Pact)

The committee approved, with amendments, the Commission's proposal to amend/modify the Financial Regulation to take account of the Amsterdam Treaty and the introduction of the euro. The amendments deal with the creation of a separate section of the budget for the Ombudsman, the adjustments to be made to the budget once the common organisational structure of the Economic and Social Committee and the Committee of Regions has been abolished, the revenue and expenditure of the decentralised bodies (agencies) and the rationalisation of administrative expenditure in the area of interinstitutional cooperation on the basis of value for money. ?

EC General budget: 8th amendment 1977 Financial regulation including 3rd phase of EMU (euro, Stability Pact)

The European Parliament adopted the report by Mr Gianfranco DELL'ALBA (ARE, I) concerning the revision of the Financial Regulation of 21 December 1977. This revision is justified by the fact that the euro will replace the ecu and national currencies during the third phase of EMU. The main amendments adopted were as follows: - in the case of appropriations for which a decision to carry over may be taken, the Commission will forward to the budgetary authority, not later than 15 February, the duly substantiated requests made by Parliament, the Council, the Court of Justice, the Court of Auditors, the ESC, the COR and the Commission itself; - Parliament, the Council, the Court of Justice, the Court of Auditors, the ESC, the COR and the Ombudsman will, each year before 1 July, draw up an estimate of revenue and expenditure for the following year; - the Commission may, on its own initiative or if requested by the other institutions, present to the Council a letter of amendment to the preliminary draft budget in order to take account of new information which was not available at the time the draft was established; - preliminary draft budgets will also assess the potential impact of any supplementary budgets adopted by the decentralised bodies in respect of the current financial year; - the revenue of the decentralised bodies will be estimated for each financial year and entered in the general statement of revenue; - an establishment plan setting the number of posts for each grade in each category will be drawn up for each decentralised agency; - the Commission will confer upon other institutions the requisite powers for the implementation of the sections of the budget relating to them; - the institutions will make every effort to give substance to the rationalisation of administrative expenditure through interinstitutional cooperation evidencing cost-effectiveness; - aid granted to countries that have applied for accession may be managed locally by those countries, provided the Directives on coordination of the procedures for the award of public contracts are implemented in those countries. ?

EC General budget: 8th amendment 1977 Financial regulation including 3rd phase of EMU (euro, Stability Pact)

In its amended proposal, the Commission responded favourably to Parliament's amendments concerning the creation of a specific section of the budget for the Ombudsman and the entry into force of the present proposal. However, the Commission was unable to accept the amendments relating to the articles concerning: - decentralisation of the Phare programme; - the budgets of the decentralised bodies; - interinstitutional cooperation; - the powers of inquiry of the Commission with regard to implementation of other sections of the budget; - the entry of appropriations following the imposition of economic sanctions under the Stability and Growth Pact. As regards the opinion of the Court of Auditors, the Commission proposed to accept the following points in it: -different dates for the entry into force of the Regulation for the points concerning the euro and the Stability Pact on the one hand and those relating to the Amsterdam Treaty on the other; -provision of information to all Member States about transfers between their currencies; -establishment of daily euro exchange rates for the currencies of the Member States not participating in the single currency; -replacement of the words 'of each sanction' by 'of the fines and the interest on the deposits and the fines'; - insertion of a new Title XIa and a new article concerning the budgetary structure to accommodate the proceeds of the sanctions referred to in section 4 of Council Regulation (EC) No 1467/97. ?

EC General budget: 8th amendment 1977 Financial regulation including 3rd phase of EMU (euro, Stability Pact)

The Parliament adopted without debate the report by Mr. DELL'ALBA (ARE, I) concerning the revision of the Financial Regulation. In doing so, the Parliament confirmed the result of the agreement obtained on 24 November 1998. It was agreed : 1) that the provisions contained in the

Council joint guideline on the establishment and implementation in euros of the general budget of the European Communities and on the creation of a budgetary structure to accommodate deposits and fines paid by Member States affected by a decision establishing the existence of an excessive public deficit will be the subject of a separate ad hoc proposal ; 2) that the provisions contained in the Commission's initial and amended proposals concerning the Ombudsman and the joint organisational structure of the Economic and Social Committee and the Committee of the Regions will be dealt with in a second proposal. Consideration will also be given to the question whether provisions relating to the decentralised agencies should also be included, as requested by the Parliament. With respect to the first proposal, the Parliament delegation and the Council agreed to endorse the relevant provisions introduced by the Commission's amended proposal, relating in particular to the publication in the OJ of the EC of daily exchange rates for the euro, the forwarding to all Member States of a statement of transfers effected between the various currencies and the insertion of provisions on sanctions in a new Title XIa of the Financial Regulation applicable to the general budget of the EC. The Council and the Parliament delegation, with regard to the second proposal, agreed that the Council would resume consideration thereof when the Court of Auditors has submitted its opinion.?

EC General budget: 8th amendment 1977 Financial regulation including 3rd phase of EMU (euro, Stability Pact)

OBJECTIVE: limited amendment of the Financial Regulation in order to take account of the introduction of the euro as the common currency in certain Member States and the adoption of the Stability and Growth Pact and in particular the excessive deficit procedure which it entails.

COMMUNITY MEASURE: Council Regulation (EC, ECSC, EURATOM) no. 2779/98 amending the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities. CONTENTS: the Regulation seeks to make limited amendments to the Financial Regulation in order to take account of the start of the third phase of economic and monetary union which involves the introduction of the euro, replacing both the ecu and the national currencies of the participating Member States. With regard to the implementation of the excessive deficit procedure, a mechanism is provided which will ensure that the revenue from fines imposed on Member States by the Council is allocated to expenditure to be divided between the Member States participating in the euro which have no excessive deficit, while at the same time guaranteeing that the transactions in question comply with the requirements of budgetary transparency. ENTRY INTO FORCE: 1 January 1999.?
