1997 discharge: EC general budget (other sections)

PURPOSE: to present the management account and the financial statement accruing to the budget operations for the budgetary year 1997 (other sections). CONTENT: this document establishes the amount of expenditure and the financial statement of the other institutions of the

Union (other than the Commission) for the budgetary year 1997, namely: - the European Parliament (and Ombudsman); - the Council; - the Court of Justice; - the Court of Auditors; - the Economic and Social Committee; - the Committee of the Regions; As far as the European Parliament, in particular, is concerned, the document indicates that the credits recorded in this institution's budget amounted to ECU 887,207,914 (a growth rate for the EP budget from 1996 to 1997 of 6.5%), committed up to the amount of ECU 867,715,417. These credits have been effectively paid up to a level of ECU 777,174,935. The document also stresses that the execution of the 1997 budget was marked, as in the previous year, by a delay in making the new EP buildings available (July 1997 instead of July 1996 and the delivery of IPE IV, expected in October 1998 and put back to the second half of 1999). This situation lies behind a partial using up of funding for infrastructural work and fitting-out of these buildings. It has also lead to significant cancellations for both current and deferred funding. Finally, it has provoked requests for "non-automatic" deferment of funding amounting to around ECU 4.5 million from 1997 to 1998. The document gives details of funding deferred from 1996 to 1997. With regard to the other institutions in this respect: 1) the Council: the efforts made by this institution to allow the recruitment of new personnel in the framewotk of enlargement of the Union (1995); 2) the Court of Justice: expenditure linked to the Court's property policy (ECU 3.2 million). Particular note should be given to the perceptible appreciation of the ECU against both the Belgian and Luxembourg franc, leading to a revaluation of the institutions' budget of 4% (the large part of these payments having been made in these currencies).?

1997 discharge: EC general budget (other sections)

By adopting the report by Mr Juan Manuel Fabra Valles (PPE, E), the committee proposes to the House that it grant discharge to the European Parliament, the Court of Justice, the Court of Auditors and the Committee of the Regions in respect of the implementation of their respective budgets for the 1997 financial year. In the case of the Economic and Social Committee, on the other hand, it proposes postponement of discharge. ?

1997 discharge: EC general budget (other sections)

Adopting the decision by Juan Fabra Vallés (PPE,ES), the European Parliament grants discharge to its Secretary-General, as well as to the Registrar of the Court of Justice and the Secretaries-General of the Court of Auditors and the Committee of the Regions in respect of the implementation of the budget for the 1997 financial year. With specific regard to the Parliament budget, the report calls for the implementation of new staff policy, in particular measures aimed at mobility and the reorganisation of departments and calls on the Council to give a ruling as soon as possible on the statute for parliamentary assistants. Conversely, the Parliament decided to postpone the discharge decision for the Economic and Social Committee until it has received the conclusions of the UCLAF inquiry on that Committee.
