Final act

[Directive 2004/37](#)
[OJ L 229 29.06.2004, p. 0023-0034](#) Summary

PURPOSE: the legislative consolidation of Council Directive 90/394/EEC on the protection of workers from the risks related to exposure to carcinogens at work so as to make it clearer and more accessible to the citizen. CONTENT: The new Directive will supersede the various directives incorporated in it; their content is fully preserved, and they are brought together with only such formal amendments as are required by the codification exercise itself.?

Protection of workers from exposure to carcinogens or mutagens at work. Codification

On 8 April 1999, the Commission presented a proposal for a Council Directive codifying Council Directive 90/394/EEC of 28 June 1990 on the protection of workers from the risks related To exposure to carcinogens at work (Sixth individual Directive within the meaning of Article 16(1) of Directive 89/391/EEC). In its opinion of 11 May 1999 the Consultative Working Party of the legal services set up under the Interinstitutional Agreement of 20 December 1994 on an accelerated working method for official codification of legislative texts has stated that the above proposal does indeed confine itself to straightforward codification, without any substantive changes to the acts covered by it. In view of the work already carried out in the Council on the proposal, the Commission has decided to present - in accordance with Article 250(2) of the EC treaty - an amended proposal for codification of the Directive in question. This amended proposal also takes account of the purely formal or editorial amendments proposed by the Consultative Working Party of Legal Services, where these are considered justified.?

Protection of workers from exposure to carcinogens or mutagens at work. Codification

The committee adopted the report presented by its chairman, Giuseppe GARGANI (EPP-ED, I) (under the simplified procedure), approving the proposal without amendment (codecision procedure, 1st reading).?

Protection of workers from exposure to carcinogens or mutagens at work. Codification

The European Parliament adopted a resolution drafted by Giuseppe GARGANI (EPP-ED, I) and approved the Commission's proposal. The resolution was adopted by 477 votes in favour, 3 against with 13 abstentions.?

Protection of workers from exposure to carcinogens or mutagens at work. Codification

PURPOSE : to protect workers against exposure to carcinogens of mutagens at work. LEGISLATIVE ACT : Directive 2004/37/EC of the European Parliament and of the Council on the protection of workers from the risks related to exposure to carcinogens or mutagens at work (Sixth individual Directive within the meaning of Article 16(1) of Council Directive 89/391/EEC) (codified version). CONTENT : Council Directive 90/394/EEC on the protection of workers from the risks related to exposure to carcinogens at work (Sixth individual Directive within the meaning of Article 16(1) of Directive 89/391/EEC) has been substantially amended several times. In the interests of clarity and rationality, the Directive is therefore codified. ENTRY INTO FORCE : 20/05/04.?
