Europol: adjusting remuneration and allowances applicable to staff as from July 1999

PURPOSE : to adjust the remuneration and allowances applicable to Europol employees. CONTENT : the Proposal aims uniquely at adapting the level of remunerations of Europol employees and different benefits and allowances which were applicable to them following a review carried out by the Management Board of Europol. This review notably takes account of the level of the cost of living in The Hague (Europol's headquarters) and the rise in salaries in the Member States' public services. As a result of this review, a rise of 8.5% of the remuneration of agents is justified for the period including and between the initial date of the remuneration of the officials and 01.07.1999. The Council, acting unanimously, shall adjust the remuneration and allowances applicable to Europol employees on the basis of this review (an Annex establishes the level of various remunerations of the employees by grade).?
