Final act
Decision 2001/395 OJ L 139 23.05.2001, p. 0014 Summary

Car industry: approval of braking system on passenger cars, UN/ECE Regulation 13-H

PURPOSE: to present a proposal for a Council Decision on the accession of the European Community to United Nations Economic Commission for European Regulation No 13-H on the approval of certain equipment (braking system, in particular) for certain motor cars.

CONTENT: following Council Decision 97/836/EC of 27 November 1997, the EC became a contracting party to the United Nations Economic Commission for Europe's (UN/ECE's) Revised 1958 Agreement on 24 March 1998 and acceded to 78 regulations appended to that Agreement. This Decision states that, in particular, the Community may decide to implement a Regulation to which it had not acceded when it acceded to the revised Agreement if the Council approves that Regulation by a qualified majority after receiving the assent of the EP.

Regulation No 13-H adopted by the UN/ECE on the approval of particular vehicles concerning their braking system is aimed, in particular, at removing technical barriers to the trade in motor vehicles between the contracting parties while ensuring a high level of safety and environmental protection. It is also provided that the Regulation concerned shall be incorporated into the Community approval system for motor vehicles and will thus supplement the laws in force within the Community. Against this background, the proposal for a Decision is intended to enable the Community to accede to UN/ECE Regulation No 13-H of the UN/ECE.?

Car industry: approval of braking system on passenger cars, UN/ECE Regulation 13-H

The Council adopted a common position on the accession of the European Community to United Nations Economic Commission for European Regulation No. 13-H on the approval of particular vehicles and their braking system. On this occasion, the Council requests the assent of the European Parliament.?

Car industry: approval of braking system on passenger cars, UN/ECE Regulation 13-H

The committee adopted the report by Marjo MATIKAINEN-KALLSTRÖM (EPP-ED, FIN) recommending that Parliament give its assent to the

proposal.?

Car industry: approval of braking system on passenger cars, UN/ECE Regulation 13-H

The European Parliament approved the report presented by Marjo Tuulevi MATIKAINEN-KALLSTROM (EPP-ED, FIN) on technical standards of braking systems without debate.?

Car industry: approval of braking system on passenger cars, UN/ECE Regulation 13-H

PURPOSE : to allow the Community to accede to Regulation No 13-H of the UN/ECE on component approval of passenger cars in respect of their braking. COMMUNITY MEASURE : Council Decision 2001/395/EC on the accession of the European Community to the United Nations Economic Commission for Europe Regulation No 13-H on the component approval of passenger cars in respect of their braking. CONTENT : the aim of this Decision is to allow the Community to accede to Regulation No 13-H. This Regulation aims to eliminate technical barriers to the trade in motor vehicles between the contracting parties while ensuring a high level of safety and environmental protection. This Regulation should be incorporated into the approval system for motor vehicles and thus be added to the legislation in force within the Community in this field. ENTRY INTO FORCE : 14.05.2001.?
