## 1999 discharge: 6th, 7th and 8th European Development Funds (EDF)

---

**PURPOSE :** to present a Communication from the Commission on the balance sheets and accounts of the 6th, 7th and 8th European Development Funds for the financial year 1999. **CONTENT :** the balance sheets and revenue and expenditure accounts were drawn up in accordance with the Financial Regulations applicable to the 6th, 7th and 8th EDFs. The relevant documents must be presented to the European Parliament, the Council and the Court of Auditors as provided in Article 71 of the Financial Regulation applicable to the 7th EDF and Articles 66, 67 and 68 of the Financial Regulation applicable to the 8th EDF. These financial Regulations stipulate that the accounts be kept according to the following principles: - universality: all operations pertaining to each Fund are recorded. Each country has a separate record. There is a single treasury; - justification: all operations are substantiated by supporting documents; - no set-off policy: there is no set-off between revenue and expenditure; - calendar year: the accounts are kept by calendar year. All expenditure and revenue is registered according to the value date given on the bank statement. The balances thus established are not adjusted at the year-end; - double-entry book keeping: each operation is registered to the debit of one or more accounts and to the credit of one or more accounts, so that the total amount registered on the debit side is equal to the total amount registered on the credit side. In addition, the accounts of the various EDFs are kept in euro. Financial contributions are paid either in euro or, where Member States show due reason, in national currencies into special accounts opened with the treasuries of the Member States. However, for reasons of efficiency, there is a single treasury for all the EDFs being implemented; this leads to operations between the various EDFs, which are balanced out in the liaison accounts between the various balance sheets.?

## 1999 discharge: 6th, 7th and 8th European Development Funds (EDF)

---

**PURPOSE:** presentation of the Court of Auditors' annual report on the activities of the sixth, seventh and eighth European Development Funds (EDF) in the 1999 financial year.

**CONTENT:** This annual report focuses on the activities of the 6th, 7th and 8th EDFs in 1999. In its report, the Court recalls the operation of the EDFs which are the result of international agreements between the Member States and the 71 ACP states. The Commission is, however, responsible for managing the EDFs which were implemented in parallel since, although in principle they last five years, the corresponding appropriations may be called up at any time. Only when the Commission considers that a fund is near completion does it transfer the balance to a subsequent fund. The Court considers that, for the most part, the EDF Funds were correctly implemented in 1999 even if the accounts were submitted late (15.06.2000). The Court is of the opinion that the accounts for the financial year 1999 give a true picture of the revenue and expenditure of the 6th, 7th and 8th EDFs for the year and of their financial situation at the end of the year. However, it points out problems in respect of the scope and level of implementation of macro-economic aid not shown in the accounts and the situation of commitments, which is not consistent with the actual state of affairs and does not give a reliable indication of the appropriations which are actually available. Although in the case of some countries which experience delays internal disturbances are responsible for implementation problems, in other cases questions must be raised as to their ability or willingness to make use in good time and in an appropriate fashion, of the funds they have been allocated. In such cases, the Commission's initial allocation decisions should be reappraised and readjusted on the basis of urgent needs after agreement has been obtained from the States concerned. Concerning the system for stabilising export revenues (Stabex), which is financed by the 8th EDF, the Court suggests that current funding surpluses require rectification. The Court is of the opinion that the transactions underlying the financial statements for the 6th, 7th and 8th EDFs for the 1999 financial year are, on the whole, legal and regular. However, the Court points out that, with regard to payments implemented in the ACP countries under the responsibility of National and Regional Authorising Officers in the framework of some programmes or financial instruments, the financial audits carried out by the Commission revealed ineligible transactions which may be attributed to the EDFs. Moreover, the Court also points out that, in the case of macro-economic aid, it makes no sense to carry out a strict legality and regularity check on the basis of a systematic review of the conditions in the financing agreements.

## 1999 discharge: 6th, 7th and 8th European Development Funds (EDF)

---

**PURPOSE:** presentation of the Council recommendation on the discharge to be given to the Commission on the implementation of the operations of the 6th, 7th and 8th European Development Funds (EDFs) for the 1999 financial year. **CONTENT:** Having examined the revenue and expenditure account and the balance relating to the activities of the 6th, 7th and 8th EDFs, for the year up to 31 December 1999, as well as the Court of Auditors' report concerning the 1999 financial year, the Council recommends to the Parliament to give its discharge to the Commission regarding the implementation of the operations of the 3 EDFs concerned for the 1999 financial year. This recommendation is not accompanied by any specific remarks, the Council considering for its part that the overall implementation of the budget was satisfactory.?

## 1999 discharge: 6th, 7th and 8th European Development Funds (EDF)

---

The committee adopted the report by Heide RÜHLE (Greens/EFA, D) recommending that the discharge for the sixth, seventh and eighth European Development Funds (EDF) for 1999 be postponed. The report from the Commission's Internal Audit Service on administrative and/or disciplinary inquiries concerning delegation staff would probably not be completed until May 2001, and the committee said there was reason to assume that OLAF currently did not have the capacity to investigate cases of fraud in the EDF. The committee therefore wanted more time for further discussion and to evaluate the progress made by the Commission in this field.?

## 1999 discharge: 6th, 7th and 8th European Development Funds (EDF)

---

By adopting the report by Mrs Heide RÜHLE (GREENS/EFA, D), Parliament decided to postpone the discharge for the sixth, seventh and eighth European Development Funds (EDF). (Please refer to the previous document). It should be noted that postponement of the discharge will also provide an opportunity to examine, on the basis of figures to be made in May 2001, to what extent the Commission is ensuring

measurable progress with regard to the volume and effectiveness of Community aid in the health sector in the context of poverty reduction.

## 1999 discharge: 6th, 7th and 8th European Development Funds (EDF)

---

The committee adopted the report by Heide RÜHLE (Greens/EFA, D) which recommended giving the budgetary discharge for the sixth, seventh and eighth European Development Funds (EDF) for 1999. The committee noted that tangible steps had been taken to improve the performance of Commission services and delegations, although it was still too early to assess the effectiveness of these measures. MEPs stressed the urgent need for a reform of development cooperation, including a new definition of development aid policies and priorities directed at eradicating poverty. The Commission was encouraged to strengthen its delegations in beneficiary countries in order to create a system for the management of development projects that was adapted to local conditions.?

## 1999 discharge: 6th, 7th and 8th European Development Funds (EDF)

---

In approving the resolution by Mrs Heide RÜHLE (Greens/EFA, D), Parliament gave the budgetary discharge for the sixth, seventh and eighth European Development Fund (EDF) for 1999. (Please refer to the previous text).

## 1999 discharge: 6th, 7th and 8th European Development Funds (EDF)

---

PURPOSE : to finally adopt the discharge in respect of the financial management of the sixth, seventh and eighth European Development Funds for the financial year 1999. COMMUNITY MEASURE : Decision of the European Parliament 2001/858/EC and 859/EC on the discharge in respect of the financial management of the sixth, seventh and eighth European Development Funds for the financial year 1999 and on the closing of the accounts of the same EDF for 1999. CONTENT : this decision gives discharge to the Commission in respect of the implementation of the sixth, seventh and eighth European Development Funds for the financial year 1999 and definitive closing of the accounts for the same 3 EDF for 1999. The resolution accompanying the discharge procedure is in accordance with the European Parliament's opinion of 24 October 2001 (please refer to the summary of the resolution dated 24.10.2001).?
