Final act

[Regulation 2002/1749](#)
[OJ L 264 02.10.2002, p. 0013-0014](#) Summary

EC officials: termination of service for officials of the Commission (amend. Regulation (EEC) No 549/69)

PURPOSE: to present a proposal for a Council Regulation amending Regulation (Euratom, ECSE, EEC) 549/69 determining the categories of officials and other servants of the European Communities to whom the provisions of Article 12, the second paragraph of Article 13 and Article 14 of the Protocol on the Privileges and Immunities of the Communities apply. CONTENT: In its White Paper of March 2000, the Commission announced its intention to undertake a reallocation of human resources across its departments with a view to concentrating on its core policy objectives. On 26 July 2000, it adopted the conclusions of the review by the Peer Group charged with carrying out a comprehensive assessment of the Commission's current activities and putting forward an action plan. These conclusions clearly indicate that, over and above the rationalisation carried out already in 1999 and 2000, the staff numbers assigned to priority activities continue to be insufficient, with the shortfall being estimated at 1 254 posts. Two thirds of these requirements can be met from further rationalisation (discontinuation or scaling back of activities, productivity gains) or by internal redeployment. Targeted and effective accompanying measures are to be designed to allow redeployed staff to perform other, higher priority, activities. In addition to these accompanying measures, termination-of-service arrangements are to be available under which the Commission would be able to offer reasonable severance conditions to officials whose skills are deemed not to be in line with the duties to be performed. Legally, the scheme will take the form of a Council Regulation. Implementing procedures will be laid down later. Against this background, the proposal for a Regulation amending Regulation EC/549/69 seeks to determine the categories of officials and other services of the European Commission to whom the provisions of Article 13, in particular, of the Protocol on the Privileges and Immunities of the Communities apply. ?

EC officials: termination of service for officials of the Commission (amend. Regulation (EEC) No 549/69)

By a letter dated 13 February 2001, the Council invited the Court of Auditors to present an opinion on the proposal for a Council Regulation amending Regulation 549/69/EEC, ECSC, Euratom determining the categories of officials and other servants of the European Union to whom the provisions of Article 12, the second paragraph of Article Article 13 and Article 14 of the Protocol on the Privileges and Immunities of the Community apply (purpose: taxation of those entitled to the allowance provided for in the event of the termination of service). The Court of Auditors adopted its opinion on 5 April 2001 (Opinion 4/2001) which stipulates that the proposal calls for no comments from the Court. ?

EC officials: termination of service for officials of the Commission (amend. Regulation (EEC) No 549/69)

On 9 February 2001, the Court received a request for an opinion on the proposal for a Council Regulation introducing special measures to terminate the service of officials of the Commission of the European Communities as part of the reform of the Commission. In its explanatory memorandum, the Commission stated that the termination-of-service scheme for 600 Commission officials would make it possible for 258 new officials to be recruited, with a neutral impact on the budget, as the savings generated by the scheme would make it possible to balance the cost of the 258 new recruitments. In the analysis, the Court questions the principle of budget neutrality, the Court states that no allowance is made for the real costs of the pension rights earned by the newly recruited officials. This implies the long-run full cost (but not the immediate cash cost) of the newly recruited officials would be some 25 % higher than shown in the Commission's calculation. However, overall, the net effect in the long run should be a significant reduction in Commission staff costs, essentially reflecting the lower numbers employed than would otherwise have been the position. Given that the Commission's proposal involves a derogation from the normal arrangements whereby the Staff Regulation applies to all the institutions, the Commission should have sought their views on whether they face a comparable situation before putting forward this draft Regulation.

EC officials: termination of service for officials of the Commission (amend. Regulation (EEC) No 549/69)

The European Parliament adopted the report by Mr Bill MILLER (PES, UK).?

EC officials: termination of service for officials of the Commission (amend. Regulation (EEC) No 549/69)

The amended proposal for a regulation is designed to ensure that the officials covered by the special and temporary measures relating to final termination of service (the establishment cuts resulting from the Peer Group review) are not immune from Community taxation. ?

EC officials: termination of service for officials of the Commission (amend. Regulation (EEC) No 549/69)

On 11 April 2002 the Court received a request for an opinion on the Commission's amended proposal on the special measures to terminate the service of officials of the Commission of the European Communities. As the Court has already stated in its opinion No 3/2001, the increase in future pension costs due to the appointment of the new officials seems not to have been taken into consideration in the Commission's proposals (for the Court, the Commission underestimates by 25% the total long term cost of this measure). It is for this reason that the Court

suggests that the proposal should define which budgetary mechanism will be used to ensure the savings will actually be safeguarded in the long term. The Court also believes that the preamble to the proposed regulation should explain the coherence of the scheme with the European employment policy objective of increasing the employment rate of older workers through flexible and gradual retirement formulas. The Court takes note of the fact that no appropriate and clear selection criteria are established. The implementation of the scheme should ensure that staff who are able to update their skills are fairly treated. Lastly, the Court is of the opinion that an early retirement system such as the one proposed should only be a one-off solution. In the future the focus should be on improvement of staff development policy.?

EC officials: termination of service for officials of the Commission (amend. Regulation (EEC) No 549/69)

The European Parliament adopted the resolution drafted by Giuseppe GARGANI (EPP-ED, Italy) and approved the Commission's proposal without amendment.?
