## EC/Cape Verde fisheries agreement: protocol for the period from 1st July 2001 to 30 June 2004

**PURPOSE** : to present a proposal for a Council Regulation on the conclusion of the Protocol setting out the fishing opportunities and financial contribution provided for in the Agreement between the European Economic Community and the Republic of Cape Verde on fishing off the coast of Cape Verde for the period from 1 July 2001 to 30 June 2004. **CONTENT** : the Protocol to the Fisheries Agreement between the European Community and the Republic of Cape Verde expired on 5 September 2000. A new Protocol was initialled by both parties on 7 June 2001 fixing the technical and financial conditions governing the fishing activities of Community vessels in Cape Verdean waters during the period 1 July 2001 to 30 June 2004. The Commission proposes, on this basis, that the Council adopt the new Protocol. A proposal for a Council Decision on the provisional application of the new Protocol pending its definitive entry into force is the subject of a separate procedure. Furthermore, the fishing opportunities set out in the Protocol shall be allocated among the Member States as follows: - tuna seiners: France: 19 vessels Spain: 18 vessels - pole-and-line tuna vessels: France: 6 vessels Spain: 10 vessels Portugal: 2 vessels - surface longliners: Spain: 52 vessels Portugal: 10 vessels - bottom longliners: Portugal: 630 GRT per month, averaged over the year, with no more than four vessels fishing simultaneously. If licence applications from these Member States do not cover all the fishing opportunities fixed by the Protocol, the Commission may consider licence applications from any other Member State.?

## EC/Cape Verde fisheries agreement: protocol for the period from 1st July 2001 to 30 June 2004

The committee adopted the report by Carlos LAGE (PES, P) approving the proposal under the consultation procedure subject to a few amendments. In view of the financial and social importance of targeted measures, which had been given a new emphasis under the Protocol, the committee wanted the Commission to forward to Parliament and the Council the annual report on targeted measures which the Cape

Verde authorities were now required to provide. Moreover, before the start of negotiations to renew the Protocol, the committee wanted the Commission to submit to Parliament and the Council a report on the implementation of the Agreement, including a cost benefit analysis. Lastly, the committee wanted to introduce a new article obliging Member States whose vessels used the Cape Verde fishing zone under the Protocol to notify the Commission of the quantities of each stock taken in that zone, so as to achieve a more realistic picture of the actual catches of the EU fishing fleet. ?
