Decision 2003/278 OJ L 101 23.04.2003, p. 0012-0012 Summary

EC/Former Yugoslav Republic of Macedonia FYROM agreement: ecopoints to be applied to transit traffic through Austria

PURPOSE : the conclusion of an agreement between the EC and the Former Yugoslav Republic of Macedonia (FYROM) on the system of ecopoints to be applied to transit traffic. CONTENT : the Agreement between the EC and FYROM in the field of transport establishes that a system of ecopoints, equivalent to that applicable to EC heavy goods vehicles in transit through Austria, will apply to transit traffic of FYROM through Austria, with effect from 1 January 1999. It was subsequently agreed that the ecopoints system would be implemented from 1 January 2002. However, the total number of ecopoints allocated to the FYROM lorries for 1999, 2000 and 2001 is also agreed in order to ensure that the annual percentage reduction is made in line with those applied to Community lorries. On this basis, the functioning of the regime applied between Austria and the FYROM was examined by the Joint Transport Committee established by the Transport Agreement and no discriminatory effects were identified. The Agreement establishes the number of ecopoints allocated to trucks of the FYROM for the period 1999-2003 on the basis of the "no less favourable treatment for Community heavy goods vehicles" principle. It also provides for appropriate documents, rules of procedure and methods of control for managing the system.?

EC/Former Yugoslav Republic of Macedonia FYROM agreement: ecopoints to be applied to transit traffic through Austria

The committee adopted the report by Luciano CAVERI (ELDR, I) approving the proposal without amendment under the consultation procedure.?

EC/Former Yugoslav Republic of Macedonia FYROM agreement: ecopoints to be applied to transit traffic through Austria

The European Parliament adopted a resolution based on the report of Luciano CAVERI (ELDR, It) and approved the Commission's proposal.?

EC/Former Yugoslav Republic of Macedonia FYROM agreement: ecopoints to be applied to transit traffic through Austria

PURPOSE : to conclude the agreement between the EU and FYROM concerning the system of ecopoints to be applied to be applied to regulate the transit of heavy goods traffic of FYROM through Austria. **COMMUNITY MEASURE :** Council Decision 2003/278/EC concerning the conclusion of an Agreement in the form of an Exchange of Letters between the European Community and the former Yugoslav Republic of Macedonia concerning the system of ecopoints to be applied to transit traffic of the former Yugoslav Republic of Macedonia through Austria. **CONTENT :** the Agreement between the EC and FYROM in the field of transport (refer to AVC/1996/0260) establishes that a system of ecopoints, equivalent to that applicable to EC heavy goods vehicles in transit through Austria, will apply to transit traffic of FYROM through Austria, with effect from 1 January 1999. In accordance with the provisions of this agreement, the method of calculation and the detailed rules and procedures for the management and control of the ecopoints are to be agreed by means of an exchange of letters between the Contracting Parties, and will be in line with the provisions of Protocol 9 to the Act of Accession of Austria, Finland and Sweden to the European Union regulating the ecopoints system applying in the Community. Consequently, the Council has adopted an agreement under the form of an exchange of letters establishing the number of ecopoints allocated to trucks of the former Yugoslav Republic of Macedonia for the period 1999-2003 on the basis of the "no less favourable treatment for Community heavy goods vehicles" principle. It also provides for appropriate documents, rules of procedure and methods of control for managing the system. The Agreement stipulates that the system of ecopoints shall be applied from 1 January 2002.?
