Raw tobacco: common organisation of the market CMO

PURPOSE : to codify the EU Regulation on the common organisation of the market in raw tobacco. **CONTENT** : the basis of this proposal lies in the various measures the EU has adopted to try and codify legislation in the event of ten (or less) amendments being made to initial legislative acts. The proposal recommends the codification of Regulation 2075/92/EC on the common organisation of the market in raw tobacco. The new Regulation will supersede the various acts incorporated in it even though their content is fully preserved and they are brought together with only such formal amendments as are required by the codification exercise itself. The proposal follows preliminary consultation in all official languages. In so far as the Articles have been given new numbers, the correlation between the old and the new number is shown in a table contained in an Annex to the codified Regulation.?

Raw tobacco: common organisation of the market CMO

The Lisbon Treaty, which entered into force on 1 December 2009, amended the EU's two core treaties, the Treaty on European Union (TEU) and the Treaty establishing the European Community (EC Treaty). The latter was renamed the Treaty on the Functioning of the European Union (TFEU).

These changes had various consequences for many ongoing procedures. First of all, the articles of the TEU and of the old EC Treaty that constitute the legal basis of all the proposals founded on those Treaties were renumbered in accordance with the table of equivalences mentioned in Article 5 of the Lisbon Treaty.

In addition, some proposals underwent a change to their legal basis going beyond a mere change to their numbering, and this resulted in changes to the type of procedure.

The Lisbon Treaty also introduced new concepts of decision-making procedure. The old "codecision procedure" was extended to new areas and renamed the "ordinary legislative procedure". A new "consent procedure" replaced the old "assent procedure". New interinstitutional procedures were also set up for the adoption of certain non-legislative acts, for example the conclusion of some international agreements.

The ongoing proposals concerned by these changes were formally modified by the Commission in a Communication published on 2 December 2009 ([COM\(2009\)0665](#)).

In the case of the proposal for a Council Regulation on the common organisation of the market in raw tobacco (codified version), the entry into force of the Lisbon Treaty had the following impacts:

- the old legal basis ? Treaty/EC/Art. 36, 37 ? became Article 43(2) of the TFEU. Please note that the numbering of the old legal basis corresponds to the consolidated version of the Treaty that was applicable immediately before the entry into force of the Lisbon Treaty, and may differ from the references in the original Commission proposal;
- the proposal, which had previously fallen under the old consultation procedure (CNS), was classified as an ordinary legislative procedure (COD).
