Bivalve molluscs: minimum measures for the control of diseases

PURPOSE: To codify EU legislation on measures for the control of certain diseases affecting bivalve molluscs.

PROPOSED ACT: Council Directive

CONTENT: the purpose of this proposal is to undertake a codification of Council Directive 95/70/EC introducing minimum Community measures for the control of certain diseases affecting bivalve; molluscs. The new Directive will supersede the various acts incorporated in it. This proposal fully preserves the content of the acts being codified and hence does no more than bring them together with only such formal amendments as are required by the codification exercise itself.

Bivalve molluscs: minimum measures for the control of diseases

The committee adopted the report by its chairman, Giuseppe GARGANI (EPP-ED, IT), approving the proposal unamended under the consultation procedure.

Bivalve molluscs: minimum measures for the control of diseases

The European Parliament adopted the resolution drafted by Giuseppe GARGANI (EPP-ED, Italy) and approved the Commission's proposal.

Bivalve molluscs: minimum measures for the control of diseases

As announced in Official Journal C 68 of 13 March 2008, the Commission decided to withdraw this proposal, which had become obsolete.
