Final act

[Directive 2009/60](#)
[OJ L 198 30.07.2009, p. 0015](#) Summary

Wheeled agricultural or forestry tractors: maximum design speed (repeal. Directive 74/152/EEC). Codification

PURPOSE: to codify provisions establishing the maximum design speed of and load platforms for wheeled agricultural or forestry tractors.

PROPOSED ACT: Directive of the European Parliament and of the Council.

CONTENT: the purpose of this proposal is to codify EU provisions on the maximum design speed of and load platforms for wheeled agricultural or forestry tractors as set out in Directive 74/152/EEC. In codifying acts that have been amended frequently the EU is seeking to both simplify and clarify EU legislation.

Given that no changes of substance have been made to the instruments affected by the codification exercise this proposal will be the subject of an accelerated procedure. The new Directive will supersede the various acts incorporated in it. It fully preserves the content of the acts being codified and hence does no more than bring them together, with only such formal amendments as are required by the codification exercise itself.

Wheeled agricultural or forestry tractors: maximum design speed (repeal. Directive 74/152/EEC). Codification

The committee adopted the report by Diana WALLIS (ALDE, UK) approving unamended - under the 1st reading of the codecision procedure - the proposed directive on the maximum design speed of and load platforms for wheeled agricultural or forestry tractors (codified version).

Wheeled agricultural or forestry tractors: maximum design speed (repeal. Directive 74/152/EEC). Codification

The European Parliament adopted the resolution drafted by Diana WALLIS (ALDE, UK) and approved the proposed directive on the maximum design speed of and load platforms for wheeled agricultural or forestry tractors (codified version).

Wheeled agricultural or forestry tractors: maximum design speed (repeal. Directive 74/152/EEC). Codification

PURPOSE: to codify Directive 74/152/EEC on the maximum design speed of and load platforms for wheeled agricultural or forestry tractors.

LEGISLATIVE ACT: Directive 2009/60/EC of the European Parliament and of the Council on the maximum design speed of and load platforms for wheeled agricultural or forestry tractors (codified version).

CONTENT: Council Directive 74/152/EEC of 4 March 1974 on the approximation of the laws of the Member States relating to the maximum design speed of and load platforms for wheeled agricultural or forestry tractors has been substantially amended several times. Thus, in the interests of clarity and rationality the Directive should be codified.

The new Directive will supersede the various acts incorporated in it. It fully preserves the content of the acts being codified and hence does no more than bring them together, with only such formal amendments as are required by the codification exercise itself.

ENTRY INTO FORCE: 19/08/2009.

APPLICATION: 01/01/2010.
