Final act
Directive 2009/61 OJ L 203 05.08.2009, p. 0019 Summary

Wheeled agricultural and forestry tractors: installation of lighting and light-signalling devices (repeal. Directive 78/933/EEC). Codification

PURPOSE: to codify Council Directive 78/933/EEC on the approximation of the laws of the Member States relating to the installation of lighting and light-signalling devices on wheeled agricultural and forestry tractors.

PROPOSED ACT: Directive of the European Parliament and of the Council.

CONTENT: the purpose of this proposal is to codify EU provisions relating to the installation of lighting and light-signalling devices on wheeled agricultural and forestry tractors (Council Directive 78/933/EEC). In codifying legislative acts that have been amended frequently the EU is seeking to both simplify and clarify EU legislation.

The new Directive will supersede the various acts incorporated in it. It fully preserves the content of the acts being codified and hence does no more than bring them together, with only such formal amendments as are required by the codification exercise itself.

Wheeled agricultural and forestry tractors: installation of lighting and light-signalling devices (repeal. Directive 78/933/EEC). Codification

The Committee on Legal Affairs adopted the report by Mr Hans-Peter MAYER (EPP-ED, DE) approving, under the first reading of the codecision procedure, the proposal for a directive of the European Parliament and the Council relating to the installation of lighting and light-signalling devices on wheeled agricultural and forestry tractors (codified version).

Although it was not the subject of any 'formal' amendments, the proposal does, however, take into account the recommendations of the Consultative Working Party of the respective legal services of the European Parliament, Council and Commission, which make a number of technical observations on the text of the codified proposal.

The proposed text was subsequently adapted.

Aside from these factors, the proposal is a straightforward codification of existing texts, without any change in their substance.

Wheeled agricultural and forestry tractors: installation of lighting and light-signalling devices (repeal. Directive 78/933/EEC). Codification

The European Parliament adopted a legislative resolution based on the report drafted by Hans-Peter MAYER (EPP-ED, DE) approving, under the first reading of the co-decision procedure, the proposal for a directive relating to the installation of lighting and light-signalling devices on wheeled agricultural and forestry tractors (codified version).

Wheeled agricultural and forestry tractors: installation of lighting and light-signalling devices (repeal. Directive 78/933/EEC). Codification

PURPOSE: to codify Council Directive 78/933/EEC relating to the installation of lighting and light-signalling devices on wheeled agricultural and forestry tractors.

LEGISLATIVE ACT: Directive 2009/61/EC of the European Parliament and of the Council relating to the installation of lighting and light-signalling devices on wheeled agricultural and forestry tractors (Codified version).

CONTENT: the purpose of this Directive is to codify Council Directive 78/933/EEC of 17 October 1978 relating to the installation of lighting and light-signalling devices on wheeled agricultural and forestry tractors. In codifying legislative acts that have been amended frequently the EU is seeking to both simplify and clarify EU legislation.

This new Directive will supersede the various acts incorporated in it. It fully preserves the content of the acts being codified and hence does no more than bring them together, with only such formal amendments as are required by the codification exercise itself.

ENTRY INTO FORCE: 25/08/2009.

APPLICATION: from 01/01/2010.
