Community statistical system: common statistical classification of economic activities NACE

PURPOSE: is to undertake a codification of Council Regulation (EEC) No 3037/90 of 9 October 1990 on the statistical classification of economic activities in the European Community.

PROPOSED ACT: Regulation of the European Parliament and of the Council.

CONTENT: the purpose of this proposal is to codify EU provisions on the statistical classification of economic activities in the European Community. In codifying legislative acts that have been amended frequently the EU is seeking to both simplify and clarify EU legislation.

The new Directive will supersede the various acts incorporated in it. It fully preserves the content of the acts being codified and hence does no more than bring them together, with only such formal amendments as are required by the codification exercise itself.

Community statistical system: common statistical classification of economic activities NACE

The Committee on Legal Affairs adopted the report by Lidia Joanna GERINGER DE OEDENBERG (PES, PL) approving, under the 1st reading of the codecision procedure, the proposal for a regulation of the European Parliament and the Council on the statistical classification of economic activities in the European Community (codified version).

No formal amendments were tabled to the proposal, but the committee took note of the recommendations of the Consultative Working Party of the legal services of the European Parliament, Council and Commission, which considered that the proposal was a straightforward codification of existing texts, without any change in their substance.

Community statistical system: common statistical classification of economic activities NACE

The European Parliament adopted, by 602 votes to 12 with 11 abstentions, a legislative resolution approving, under the 1st reading of the codecision procedure, the proposal for a regulation of the European Parliament and the Council on the statistical classification of economic activities in the European Community (codified version).

The report was tabled for plenary by Lidia Joanna GERINGER DE OEDENBERG (PES, PL) on behalf of the Legal Affairs Committee.

The proposal was approved as adapted to the recommendations of the Consultative Working Party of the Legal Services of the European Parliament, the Council and the Commission.

Community statistical system: common statistical classification of economic activities NACE

As announced in Official Journal C 153 of 21 May 2014, the Commission decided to withdraw this proposal, which had become obsolete.
