Social package

The House held the first part of a debate on the social package, following on the Council and Commission statements. The cross-border healthcare aspects of the package will be discussed during the September II part-session. A resolution closing this debate is due to be put to the vote at the same part-session.

Social package

The House held a debate, following on the Council and Commission statements, on cross-border healthcare aspects of the social package.

A motion for a resolution closing this debate was due to be put to the vote later that same day.

Social package

Following the debate which took place during the sitting on the same day, the European Parliament rejected all individual resolutions from all the political groups relating to the social package, which was adopted by the Commission on 2 July 2008 and included the Communication entitled "A Renewed social agenda: Opportunities, access and solidarity in 21st century Europe," ([COM\(2008\)412](#)) as well as other non-legislative proposals.

Philip BUSHILL-MATTHEWS (EPP-ED, UK), on behalf of the EPP-ED group, also decided to withdraw the draft resolution tabled on the group's behalf. He stated that the views of all political groups should be taken into account during the next few months, in order that the House might produce a resolution "of which it could be proud", in view of the importance of this matter.
