2007 discharge: European Agency for Safety and Health at Work EU-OSHA

The Committee on Budgetary Control adopted the report drawn up by Christofer FJELLNER (EPP-ED, SE) on discharge to be granted to the European Agency for Safety and Health at Work, calling on the European Parliament to grant the Executive Director of the Agency discharge in respect of the implementation of its budget for the financial year 2007.

Noting that the Agency's annual accounts for the financial year 2007 are reliable, and the underlying transactions are legal and regular, MEPs approve the closure of the Agency's accounts.

However, they make a number of recommendations as part of the decision on discharge. Other than the general recommendations appearing in the draft resolution on financial management and control of EU agencies (see [2008/2207\(INI\)](#)), MEPs do not make any specific observations. MEPs therefore congratulate the Agency on having significantly improved its financial management over the last two years and encourage it to continue in this way.

2007 discharge: European Agency for Safety and Health at Work EU-OSHA

PURPOSE: to grant discharge to the European Agency for Safety and Health at work for the financial year 2007.

LEGISLATIVE ACT: Decision 2009/679/EC of the European Parliament on the discharge for the implementation of the budget of the European Agency for Safety and Health at Work for the financial year 2007.

CONTENT: with the present decision, the European Parliament grants discharge to the Director of the European Environment Agency for the implementation of the Agency's budget for the financial year 2007.

This decision is in line with the European Parliament's resolution adopted on 23 April 2009 and comprises a series of observations that form an integral part of the discharge decision (please refer to the summary of the opinion of 23/04/2009). The decision to grant discharge is also an approval of the closure of the accounts of this EU agency.

2007 discharge: European Agency for Safety and Health at Work EU-OSHA

The European Parliament adopted a decision concerning the discharge to be granted to the Director of the European Agency for Safety and Health at Work (EU-OSHA) in respect of the implementation of its budget for the financial year 2007. The decision to grant discharge is also an approval of the closure of the accounts of this EU agency.

Noting that the Court issued a fully positive statement of assurance and made no observations at all, the European Parliament adopted by 403 votes to 9, with 17 abstentions, a resolution which constitutes an integral part of the decision to grant discharge in which the Parliament congratulates the Agency on having significantly improved its financial management over the last two years.

Parliament encourages it to continue to strive for the highest standards in budgetary planning, implementation and control. It refers, for other observations accompanying its decision on discharge, to its resolution on financial management and control of EU agencies - see [2008/2207\(INI\)](#) - adopted in parallel.
