2008 discharge: European Agency for Safety and Health at Work EU-OSHA

The Committee on Budgetary Control adopted the report by Véronique MATHIEU (EPP, FR) on discharge to be granted to the European Agency for Safety and Health at Work, calling on the European Parliament to grant the Director of the Agency discharge in respect of the implementation of the Agency's budget for the financial year 2008.

Noting that the Agency's annual accounts for the financial year 2008 are reliable, and the underlying transactions are legal and regular, MEPs approve the closure of the Agency's accounts. However, they make a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the draft resolution on financial management and control of EU agencies (see [2010/2007\(INI\)](#)):

- performance: Members congratulate the Agency on having significantly improved its financial management over the last three years and they encourage it to continue to strive for the highest standards in budgetary planning, implementation and control. They congratulate the Agency on the establishment of a network of European organisations which can provide occupational safety and health economic incentives. They also call on the Agency to set out a comparison of operations carried out during the year for which discharge is to be granted and in the previous financial year so as to enable the discharge authority to assess its performance from one year to the next more effectively;
- operating appropriations carried over: the committee notes that the Agency carried forward EUR 3.4 million (44% of its operating appropriations) and it calls, in the interests of sound financial management, for the budget forecasts to be adjusted to reflect actual needs. It congratulates the Agency nevertheless on improving its monitoring and planning of operational expenditure to avoid committing significant funds at the year-end;
- procurement procedures: Members note the irregularity identified by the Court of Auditors with respect to a procurement procedure (use of a framework contract beyond its maximum value). They expect the Agency to resolve the problem of using a public procurement framework contract beyond its maximum value, in order to give effect to European budgetary law;
- internal audit: lastly, Members ask the Agency to implement the recommendations from the Internal Audit Service (IAS) in particular as regards the internal control standards.

2008 discharge: European Agency for Safety and Health at Work EU-OSHA

PURPOSE: to grant discharge to the European Agency for Safety and Health at work for the financial year 2008.

LEGISLATIVE ACT: Decision 2010/538/EU of the European Parliament on the discharge for the implementation of the budget of the European Agency for Safety and Health at Work for the financial year 2008.

CONTENT: with the present decision, the European Parliament grants discharge to the Director of the European Environment Agency for the implementation of the Agency's budget for the financial year 2008.

This decision is in line with the European Parliament's resolution adopted on 5 May 2010 and comprises a series of observations that form an integral part of the discharge decision (please refer to the summary of the opinion of 5 May 2010).

A parallel Decision, adopted on the same day, approves the closure of the accounts of this EU agency.

2008 discharge: European Agency for Safety and Health at Work EU-OSHA

The European Parliament adopted by 553 votes to 30, with 54 abstentions, a decision on discharge to be granted to the Director of the European Agency for Safety and Health at Work in respect of the implementation of its budget for the financial year 2008. The decision to grant discharge is also an approval of the closure of the accounts of this EU agency. Furthermore, Parliament adopted a resolution with observations which are an integral part of the decision to grant discharge to this Agency.

The main points are as follows:

- performance: Parliament congratulates the Agency on having significantly improved its financial management over the last three years and it encourages it to continue to strive for the highest standards in budgetary planning, implementation and control. It congratulates the Agency on the establishment of a network of European organisations which can provide occupational safety and health economic incentives. It also calls on the Agency to set out a comparison of operations carried out during the year for which discharge is to be granted and in the previous financial year so as to enable the discharge authority to assess its performance from one year to the next more effectively;
- operating appropriations carried over: Parliament notes that the Agency carried forward EUR 3.4 million (44% of its operating appropriations) and it calls, in the interests of sound financial management, for the budget forecasts to be adjusted to reflect actual needs. It congratulates the Agency, nevertheless, on improving its monitoring and planning of operational expenditure to avoid committing significant funds at the year-end;
- procurement procedures: Parliament notes the irregularity identified by the Court of Auditors with respect to a procurement procedure (use of a framework contract beyond its maximum value). It expects the Agency to resolve the problem of using a public procurement framework contract beyond its maximum value, in order to give effect to European budgetary law;
- internal audit: lastly, Parliament asks the Agency to implement the recommendations from the Internal Audit Service (IAS) in particular as regards the internal control standards.

Noting that the Agency's annual accounts for the financial year 2008 are reliable, and the underlying transactions are legal and regular, Parliament approves the closure of its accounts and refers to the general recommendations that appear in the draft resolution on financial management and control of EU agencies (see [2010/2007\(INI\)](#) adopted in parallel).
