[OJ L 250 27.09.2011, p. 0101](#) Summary

2009 discharge: EU general budget, Committee of the Regions

PURPOSE: presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2009, as part of the 2009 discharge procedure.

Analysis of the accounts of the EU Institutions: Section VII ? Committee of the Regions (CoR).

CONTENT: this Commission document sets out the consolidated annual accounts of the European Union for the financial year 2009 as prepared on the basis of the information presented by the institutions, organisations and bodies of the EU, in accordance with Article 129 (2) of the Financial Regulation applicable to the EU?s General Budget, including the Committee of the Regions.

The document helps to bring insight into the EU budget mechanism and the way in which the budget has been managed and spent in 2009. It recalls that European Union's operational expenditure covers the various headings of the financial framework and takes different forms, depending on how the money is paid out and managed.

In accordance with the Financial Regulation, the Commission implements the general budget using the following methods:

- direct centralised management: direct implementation of the budget by the Commission services;
- indirect centralised management: the Commission confers tasks of implementation of the budget to bodies of EU law or national law, such as the EU agencies of public law or with public service missions;
- decentralised management: the Commission delegates certain tasks for implementation of the budget to third countries;
- shared management: under this method of management budget implementation tasks are delegated to Member States. The majority of the expenditure falls under this mode ?Shared Management? involving the delegation of tasks to Member States, covering such areas as agricultural spending and Structural Actions;
- joint management: under this method, the Commission entrusts certain implementation tasks to an international organisation.

The document also presents the different financial actors involved in the budget process (accounting officers, internal officers and authorising officers) and recalls their respective roles in the context of the tasks of sound financial management.

Amongst the other legal elements relating to the implementation of the EU budget presented in this document, the paper focuses on the following issues:

- the way in which EU public expenditure is committed and spent;
- the means of recovery following irregularities detected;
- the modus operandi of the accounting system;
- the audit process followed by the European Parliament?s granting of the discharge.

To recall, the final control is the discharge of the budget for a given financial year. The discharge represents the political aspect of the external control of budget implementation and is the decision by which the European Parliament, acting on a Council recommendation, "releases" the Commission from its responsibility for management of a given budget by marking the end of that budget's existence.

Lastly, the document presents a series of tables and detailed technical indicators on (i) the balance sheet; (ii) the economic outturn account; (iii) cashflow tables; (iv) technical annexes concerning the financial statements.

Implementation of appropriations under Section VII of the budget for the financial year 2009: the document comprises a series of detailed tables, the most important concerning the implementation of the budget. As regards the Committee of the Region?s expenditure, the table on the financial and budgetary implementation of this institution shows the following:

A) Table showing the commitment appropriations:

- Commitments: EUR 87 million (98.37% rate of implementation)
- Carry-overs to 2010: (0.08% of authorised appropriations)
- Cancelled: EUR 1 million

B) Table showing the implementation of payments:

- Payments: EUR 86 million (98.37% rate of implementation)
- Carry-overs to 2010: EUR 6 million (6.75% of authorised appropriations)
- Cancellations: EUR 3 million.

Lastly, the annexes detail specific expenditure of the institutions, in particular:

- joint sickness insurance scheme: a valuation is made for the estimated liability that the EU has regarding its contributions to the Joint Sickness Insurance Scheme in relation to its retired staff. This gross liability has been valued at EUR 3 535 million. The calculations take into account active officials and pensioners from the various EU Institutions and Agencies.

For further details on the budgetary implementation of expenditure of Section VII of the Budget (Committee of the Regions) please refer to the [Committee's Annual Activity Report 2009](#).

The main challenges in 2009 were:

- taking account of the effects of the Lisbon Treaty on the Committee: greater involvement of regional and local bodies in the legislative process (extension of the areas of consultation of legislative texts in preparation by the CoR);
- the increase in the number of opinions (59 in 2009 with special opinions requested by certain EU Presidencies) ;
- participation in numerous events representing regional and local level government (e.g. European Summit of Regions and Cities, European Week of Regions and Cities, Open days, etc);
- continuing the Lisbon Monitoring Platform (on the regional impact of the Lisbon Treaty);
- strengthening territorial dialogue on sustainable growth and jobs;
- further work with members of the Subsidiarity Monitoring Network and various communication and awareness raising actions on regional cooperation and subsidiarity.

The report gives an overview of the results achieved as against the objectives set for 2009.

2009 discharge: EU general budget, Committee of the Regions

The Committee on Budgetary Control adopted the report by Crescenzo RIVELLINI (EPP, IT) recommending the European Parliament to grant the Secretary-General of the Committee of the Regions discharge in respect of the implementation of its budget for the financial year 2009.

The committee cites that, in 2009, the Committee of the Regions (CoR) had commitment appropriations available amounting to a total of EUR 88 million (2008: EUR 93 million), with a utilisation rate of 98.37%, higher than the average of the other institutions (97.69%).

Noting that the Court of Auditors had indicated, in its Annual Report, that the audit did not give rise to any significant observations, Members note that, in 2009, the CoR obtained 10 more posts in 2009 (and 4 more in 2010). They welcome in particular the CoR's efforts in exploring of possibilities of teleworking, as well as the considerable increase of the CoR's training budget (12% compared to 2008).

Members also welcome the fact that the CoR had:

- updated its budget analytical-monitoring tool ("BudgetWatch"), providing more comprehensive information on the CoR's budget;
- the Administrative Cooperation Agreement between the CoR and the European Economic and Social Committee (EESC) for the period 2008 to 2014 is sufficiently implemented;
- made efforts in the area of interinstitutional cooperation, in particular, in regard to the ongoing introduction of the staff management system 'Sysper2'.

Lastly, Members remind the CoR of Parliament's request that CoR members declare their financial interests, disclosing relevant information on declarable professional activities and remunerated posts or activities and call on the CoR to examine this matter in its Annual Activity Report.

2009 discharge: EU general budget, Committee of the Regions

PURPOSE: to grant discharge to the Committee of the Regions for the financial year 2009.

NON-LEGISLATIVE ACT: Decision 2011/561/EU of the European Parliament on discharge in respect of the implementation of the European Union general budget for the financial year 2009, Section VII -Committee of the Regions.

CONTENT: with the present decision, the European Parliament grants discharge to the Secretary-General of the Committee of the Regions for the implementation of its budget for the financial year 2009.

This decision is in line with the European Parliament's resolution adopted on 10 May 2011 and comprises a series of observations that form an integral part of the discharge decision (please refer to the summary of the opinion of 10/05/2011).

A parallel decision, adopted on the same day, approves the closure of this Institution's accounts.

2009 discharge: EU general budget, Committee of the Regions

The European Parliament adopted by 563 votes to 86, with 7 abstentions a decision to grant discharge to the Secretary-General of the Committee of the Regions in respect of the implementation of its budget for the financial year 2009.

Parliament also adopted by 566 votes to 78, with 10 abstentions a resolution containing a number of observations which forms an integral part of the discharge decision. The resolution recalls that, in 2009, the Committee of the Regions (CoR) had commitment appropriations available amounting to a total of EUR 88 million (2008: EUR 93 million), with a utilisation rate of 98.37%, higher than the average of the other institutions (97.69%).

Noting that the Court of Auditors had indicated, in its Annual Report, that the audit did not give rise to any significant observations, Parliament notes that, in 2009, the CoR obtained 10 more posts in 2009 (and 4 more in 2010). It welcomes the considerable increase of the CoR's training budget (12% compared to 2008).

Parliament also welcomes the fact that the CoR had:

- updated its budget analytical-monitoring tool ("BudgetWatch"), providing more comprehensive information on the CoR's budget;
- the Administrative Cooperation Agreement between the CoR and the European Economic and Social Committee (EESC) for the period 2008 to 2014 is sufficiently implemented;
- made efforts in the area of interinstitutional cooperation, in particular, in regard to the ongoing introduction of the staff management system 'Sysper2'.

Parliament reminds the CoR of Parliament's request that CoR members declare their financial interests, disclosing relevant information on declarable professional activities and remunerated posts or activities and calls on the CoR to examine this matter in its Annual Activity Report.

Lastly, in an amendment adopted in plenary, Parliament calls on the CoR to undertake urgently during 2011 a comprehensive spending review of all areas of activity to ensure all expenditure is delivering value for money in order to identify possible savings which would reduce the pressure on the budget in this period of austerity.
