## Mobilisation of the European Globalisation Adjustment Fund: redundancies in the automotive industry in Belgium

**PURPOSE:** to mobilise the European Globalisation Adjustment Fund (EGF) in respect of redundancies in the automobile sector in Belgium.

**PROPOSED ACT:** Decision of the European Parliament and of the Council.

**CONTENT:** the European Globalisation Adjustment Fund (EGF) was established by [Council Regulation No 1927/2006](#) to provide additional support to redundant workers who suffer from the consequences of major structural changes in world trade patterns and to assist them with their reintegration into the labour market.

The [Interinstitutional Agreement of 17 May 2006 on budgetary discipline](#) allows for the mobilisation of the European Globalisation Adjustment Fund (EGF) through a flexibility mechanism, within the annual ceiling of EUR 500 million over and above the relevant headings of the financial framework.

The Commission services have carried out a thorough examination of the application submitted by Belgium to mobilise the EGF. The main elements of the assessment are as follows:

**Belgium:** application EGF/2010/031 BE/General Motors Belgium: on 20 December 2010, Belgium submitted application EGF/2010/031 BE/General Motors Belgium for a financial contribution from the EGF, following redundancies in General Motors Belgium and four of its suppliers in Belgium. The application was supplemented by additional information up to 24 January 2011.

In order to establish the link between the redundancies and the global financial and economic crisis, Belgium argues that due to the crisis the production of motor vehicles (cars, lorries and busses) in Europe dropped dramatically in 2009: a decrease of 17.3% compared to 2008 and 23% compared to the pre-crisis situation of 2007. The production of motor vehicles in Belgium followed the same trend. In 2009, the assembly of motor vehicles decreased by 23.8% compared to 2008, for the assembly of passenger cars the decrease reached even 34.8%.

Belgium submitted this application under the intervention criteria of Article 2(a) of Regulation (EC) No 1927/2006, which requires at least 500 redundancies over a four-month period in an enterprise in a Member State, including workers made redundant in its suppliers and downstream producers.

The application cites 1 336 redundancies in General Motors Belgium and three of its suppliers during the four-month reference period from 14 June 2010 to 14 October 2010 and a further 1 498 redundancies after the reference period in General Motors Belgium and two of its suppliers.

After a thorough examination of this application, the Commission has concluded in accordance with Article 10 of Regulation (EC) No 1927/2006 that the conditions for a financial contribution under this Regulation are met.

On the basis of the application from Belgium, the proposed contribution from the EGF to the coordinated package of personalised services is EUR 9 593 931, representing 65% of the total cost.

IMPACT ASSESSMENT: no impact assessment was carried out.

FINANCIAL IMPACT: considering the maximum possible amount of a financial contribution from the EGF under Article 10(1) of Regulation (EC) No 1927/2006, as well as the scope for reallocating appropriations, the Commission proposes to mobilise the EGF for the total amount of EUR 9 593 931, to be allocated under heading 1a of the financial framework.

The proposed amount of financial contribution will leave more than 25% of the maximum annual amount earmarked for the EGF available for allocations during the last four months of the year.

By presenting this proposal to mobilise the EGF, the Commission initiates the simplified dialogue procedure, as required by Point 28 of the Interinstitutional Agreement of 17 May 2006, with a view to securing the agreement of the two arms of the budgetary authority on the need to use the EGF and the amount required. The Commission invites the first of the two arms of the budgetary authority that reaches agreement on the draft mobilisation proposal, at appropriate political level, to inform the other arm and the Commission of its intentions. In case of disagreement by either of the two arms of the budgetary authority, a formal dialogue meeting will be convened.

The 2011 budget showing payment appropriations of EUR 47 608 950 on budget line 04.0501 "European Globalisation Adjustment Fund (EGF)", this budget line will be used to cover the amount of EUR 9 593 931 needed for the present application.

## Mobilisation of the European Globalisation Adjustment Fund: redundancies in the automotive industry in Belgium

---

The Committee on Budgets adopted the report drafted by Barbara MATERA (EPP, IT) on the proposal for a decision to mobilise the European Globalisation Adjustment Fund (EGF) for an amount of EUR 9 593 931 in commitment and payment appropriations in order to assist Belgium in respect of redundancies in the automotive industry.

Members recall that the European Union has set up the appropriate legislative and budgetary instruments to provide additional support to workers who are suffering from the consequences of major structural changes in world trade patterns and to assist their reintegration into the labour market. Given that Belgium has requested assistance in respect of cases concerning 2834 redundancies (all targeted for assistance) in the primary enterprise General Motors Belgium and four of its suppliers operating in the motor vehicle sector in the NUTS II region of Antwerp in Belgium, and that the application fulfils the eligibility criteria set up by the EGF Regulation, Members request the institutions involved to make the necessary efforts to accelerate the mobilisation of the EGF.

Members appreciate in this sense the improved procedure put in place by the Commission, following the Parliament's request for accelerating the release of grants, aimed at presenting to the budgetary authority the Commission's assessment on the eligibility of an EGF application together with the proposal to mobilise the EGF. They hope that further improvements in the procedure will be reached in the framework of the upcoming review of the EGF.

Members recall the institutions' commitment to ensuring a smooth and rapid procedure for the adoption of the decisions on the mobilisation of the EGF, providing one-off, time-limited individual support geared to helping workers who have suffered redundancies as a result of globalisation and the financial and economic crisis.

They also recall that:

- assistance from the EGF must not replace actions which are the responsibility of companies by virtue of national law or collective agreements, nor measures restructuring companies or sectors;
- the information provided on the coordinated package of personalised services to be funded from the EGF includes information on the complementarity with actions funded by the Structural Funds.

Moreover, they call for an evaluation on the long-term integration of these workers into the labour market as a direct result of the EGF-funded measures as well as comparative evaluation on the complementarity with actions funded by the Structural Funds.

At the same time, Members welcome the fact that, following repeated requests from the Parliament, for the first time the 2011 budget shows payment appropriations of EUR 47 608 950 on the EGF budget line 04 05 01. The EGF was created as a separate specific instrument with its own objectives and deadlines and that therefore deserves a dedicated allocation, superseding transfers from other budget lines, as done in the past, which could be detrimental to the achievement of the various policies objectives.

Lastly, Members consider that the issue of multinational companies, whose restructuring or relocation causes redundancies and, subsequently, the intervention of the EGF, needs to be addressed in the forthcoming revision of the EGF Regulation without compromising redundant workers' access to the EGF.

The European Parliament adopted by 560 votes to 81, with 17 abstentions, a resolution approving on the annexed proposal for a decision to mobilise the European Globalisation Adjustment Fund (EGF) for an amount of EUR 9 593 931 in commitment and payment appropriations in order to assist Belgium in respect of redundancies in the automotive industry.

## Mobilisation of the European Globalisation Adjustment Fund: redundancies in the automotive industry in Belgium

---

**PURPOSE:** to mobilise the European Globalisation Adjustment Fund in respect of redundancies in the automotive industry in Belgium.

**NON-LEGISLATIVE ACT:** Decision 2011/470/EU of the European Parliament and of the Council on mobilisation of the European Globalisation Adjustment Fund, in accordance with point 28 of the Interinstitutional Agreement of 17 May 2006 between the European Parliament, the Council and the Commission on budgetary discipline and sound financial management (application EGF/2010/031 BE/General Motors Belgium from Belgium).

**CONTENT:** the European Parliament and the Council have decided that for the general budget of the European Union for the financial year 2010, the European Globalisation Adjustment Fund (EGF) shall be mobilised to provide the sum of EUR 9 593 931 in commitment and payment appropriations.

This amount is to assist Belgium in respect of redundancies within General Motors Belgium.

Noting that the application from Belgium fulfils the eligibility criteria set up by the [EGF Regulation](#) (Regulation (EC) No 1927/2006), the European Parliament and the Council have decided to mobilise the requested amount.

To recall, the European Globalisation Adjustment Fund (EGF) was established to provide additional support for workers made redundant as a result of major structural changes in world trade patterns due to globalisation and to assist them with their reintegration into the labour market. The Interinstitutional Agreement of 17 May 2006 allows the mobilisation of the EGF within the annual ceiling of EUR 500 million.

The scope of the EGF was broadened for applications submitted from 1 May 2009 to include support for workers made redundant as a direct result of the global financial and economic crisis.
