[Decision 2011/725](#)
[OJ L 289 08.11.2011, p. 0031](#) Summary

Mobilisation of the European Globalisation Adjustment Fund: redundancies in the wind turbine manufacturing industry in Denmark

PURPOSE: to mobilise the European Globalisation Adjustment Fund (EGF) in respect of redundancies in the wind turbine manufacturing industry in Denmark.

PROPOSED ACT: Decision of the European Parliament and of the Council.

CONTENT: the European Globalisation Adjustment Fund (EGF) was established by [Council Regulation No 1927/2006](#) to provide additional support to redundant workers who suffer from the consequences of major structural changes in world trade patterns and to assist them with their reintegration into the labour market.

The [Interinstitutional Agreement of 17 May 2006 on budgetary discipline](#) allows for the mobilisation of the European Globalisation Adjustment Fund (EGF) through a flexibility mechanism, within the annual ceiling of EUR 500 million over and above the relevant headings of the financial framework.

The Commission services have carried out a thorough examination of the application submitted by Denmark to mobilise the EGF. The main elements of the assessment are as follows:

Denmark: EGF/2010/017 DK/Midtjylland Machinery: on 11 May 2010, Denmark submitted application EGF/2010/017 DK/Midtjylland Machinery for a financial contribution from the EGF, following redundancies in 6 enterprises operating in the NACE Revision 2 Division 28 ('Manufacture of machinery and equipment') in the NUTS II region of Midtjylland (DK04) in Denmark. The application was supplemented by additional information up to 21 March 2011.

In order to establish the link between the redundancies and major structural changes in world trade patterns due to globalisation, Denmark argues that the wind turbine manufacturing industry in the EU, which is included in NACE Revision 2 Division 28 ('Manufacture of machinery and equipment'), has been seriously affected by changes in world trade patterns, in particular a significant reduction of the EU market share.

Amid a dynamic global growth of the sector, Europe's share in total capacity was reduced from 65.5% in 2006 to 47.9% in 2009.

In addition, the new economic context as a result of the financial and economic crisis negatively affected the EU wind industry in 2009. As a result, the Danish wind industry experienced a sharp drop in employment in that year, as well as a drop in turnover.

Denmark submitted this application under the intervention criteria of Article 2(b) of Regulation (EC) No 1927/2006, which requires at least 500

redundancies over a nine-month period in enterprises operating in the same NACE Revision 2 Division in one region or two contiguous regions at NUTS II level in a Member State. The application cites 813 redundancies in six enterprises operating in the NACE Revision 2 Division 28 ('Manufacture of machinery and equipment') in the NUTS II region of Midtjylland (DK04) during the nine-month reference period from 6 June 2009 to 6 March 2010. All of these redundancies were calculated in accordance with the third indent of the second paragraph of Article 2 of Regulation (EC) No 1927/2006.

After a thorough examination of this application, the Commission has concluded in accordance with Article 10 of Regulation (EC) No 1927/2006 that the conditions for a financial contribution under this Regulation are met.

On the basis of the application from France, the proposed contribution from the EGF to the coordinated package of personalised services is EUR 3 944 606, representing 65% of the total cost.

IMPACT ASSESSMENT: no impact assessment was carried out.

FINANCIAL IMPLICATIONS: considering the maximum possible amount of a financial contribution from the EGF under Article 10(1) of Regulation (EC) No 1927/2006, as well as the scope for reallocating appropriations, the Commission proposes to mobilise the EGF for the total amount referred above, to be allocated under heading 1a of the financial framework.

The proposed amount of financial contribution will leave more than 25 % of the maximum annual amount earmarked for the EGF available for allocations during the last four months of the year, as required by Article 12(6) of Regulation (EC) No 1927/2006.

By presenting this proposal to mobilise the EGF, the Commission initiates the simplified dialogue procedure, as required by Point 28 of the Interinstitutional Agreement of 17 May 2006, with a view to securing the agreement of the two arms of the budgetary authority on the need to use the EGF and the amount required. The Commission invites the first of the two arms of the budgetary authority that reaches agreement on the draft mobilisation proposal, at appropriate political level, to inform the other arm and the Commission of its intentions. In case of disagreement by either of the two arms of the budgetary authority, a formal dialogue meeting will be convened.

The Commission presents separately a transfer request in order to enter in the 2011 budget specific commitment appropriations, as required in Point 28 of the Interinstitutional Agreement of 17 May 2006.

As a reinforcement of the EGF budget line 04.0501 by EUR 50 000 000 is foreseen through AB2/2011, this budget line will be used to cover the amount of EUR 3 944 606 needed for the present application.

Mobilisation of the European Globalisation Adjustment Fund: redundancies in the wind turbine manufacturing industry in Denmark

The Committee on Budgets adopted the report drafted by Barbara MATERA (EPP, IT) on the proposal for a decision of the European Parliament and of the Council on mobilisation of the European Globalisation Adjustment Fund for an amount of EUR 3 944 606 in commitment and payment appropriations in respect of redundancies in the wind turbine manufacturing industry in Denmark.

Members recall that the European Union has set up the appropriate legislative and budgetary instruments to provide additional support to workers who are suffering from the consequences of major structural changes in world trade patterns and to assist their reintegration into the labour market.

Given that Denmark has requested assistance in respect of a case concerning 813 redundancies, of which 325 have been targeted for assistance, in six enterprises operating in the NACE Revision 2 Division 28 ('Manufacture of machinery and equipment') in the NUTS II region of Midtjylland (DK04) in Denmark, and that this application fulfils the eligibility criteria set up by the EGF Regulation, Members request the institutions involved to make the necessary efforts to accelerate the mobilisation of the EGF for the requested amount.

Members recall the institutions' commitment to ensuring a smooth and rapid procedure for the adoption of the decisions on the mobilisation of the EGF, providing one-off, time-limited individual support geared to helping workers who have suffered redundancies as a result of globalisation and the financial and economic crisis.

They also recall that:

- assistance from the EGF must not replace actions which are the responsibility of companies by virtue of national law or collective agreements, nor measures restructuring companies or sectors;
- the information provided on the coordinated package of personalised services to be funded from the EGF includes information on the complementarity with actions funded by the Structural Funds.

Members welcome the fact that, following repeated requests from the Parliament, for the first time the 2011 budget shows payment appropriations of EUR 47 608 950 on the EGF budget line 04 05 01. This dedicated allocation will avoid transfers from other budget lines, as happened in the past, which could be detrimental to the achievement of the various policies objectives.

Lastly, they welcome the reinforcement of the EGF budget line 04.05.01 by EUR 50 million through Amending budget No 3/2011, which will be used to cover the amount needed for this application.

Mobilisation of the European Globalisation Adjustment Fund: redundancies in the wind turbine manufacturing industry in Denmark

The European Parliament adopted by 553 votes to 63, with 24 abstentions, a resolution on the proposal for a decision of the European Parliament and of the Council on mobilisation of the European Globalisation Adjustment Fund for an amount of EUR 3 944 606 in commitment and payment appropriations in respect of redundancies in the wind turbine manufacturing industry in Denmark.

Parliament recalls that the European Union has set up the appropriate legislative and budgetary instruments to provide additional support to workers who are suffering from the consequences of major structural changes in world trade patterns and to assist their reintegration into the

labour market.

Given that Denmark has requested assistance in respect of a case concerning 813 redundancies, of which 325 have been targeted for assistance, in six enterprises operating in the NACE Revision 2 Division 28 ('Manufacture of machinery and equipment') in the NUTS II region of Midtjylland (DK04) in Denmark, and that this application fulfils the eligibility criteria set up by the EGF Regulation, Parliament requests the institutions involved to make the necessary efforts to accelerate the mobilisation of the EGF for the requested amount.

Parliament recalls the institutions' commitment to ensuring a smooth and rapid procedure for the adoption of the decisions on the mobilisation of the EGF, providing one-off, time-limited individual support geared to helping workers who have suffered redundancies as a result of globalisation and the financial and economic crisis.

At the same time, Parliament also recalls that:

- assistance from the EGF must not replace actions which are the responsibility of companies by virtue of national law or collective agreements, nor measures restructuring companies or sectors;
- the information provided on the coordinated package of personalised services to be funded from the EGF includes information on the complementarity with actions funded by the Structural Funds.

It welcomes the fact that, following repeated requests from the Parliament, for the first time the 2011 budget shows payment appropriations of EUR 47 608 950 on the EGF budget line 04 05 01. This dedicated allocation will avoid transfers from other budget lines, as happened in the past, which could be detrimental to the achievement of the various policies objectives.

Lastly, Parliament welcomes the reinforcement of the EGF budget line 04.05.01 by EUR 50 million through Amending budget No 3/2011, which will be used to cover the amount needed for this application.

Mobilisation of the European Globalisation Adjustment Fund: redundancies in the wind turbine manufacturing industry in Denmark

PURPOSE: to mobilise the European Globalisation Adjustment Fund (EGF) in respect of redundancies in the wind turbine manufacturing industry in Denmark

LEGISLATIVE ACT: Decision 2011/725/EU of the European Parliament and of the Council on mobilisation of the European Globalisation Adjustment Fund, in accordance with point 28 of the Interinstitutional Agreement of 17 May 2006 between the European Parliament, the Council and the Commission on budgetary discipline and sound financial management (application EGF/2010/017 DK/Midtjylland Machinery from Denmark).

CONTENT: with this Decision, the European Parliament and the Council have decided to mobilise the European Globalisation Adjustment Fund to provide the sum of EUR 3 944 606 in commitment and payment appropriations in the framework of the general budget 2011.

This amount will assist Denmark hit by redundancies in 6 enterprises operating in the NACE Revision 2 Division 28 ('Manufacture of machinery and equipment') in the NUTS II region of Midtjylland (DK04) in Denmark.

Given that this application complies with the requirements for determining the financial contributions as laid down in Regulation (EC) No 1927/2006 ([EGF](#)), the abovementioned amount has been granted to Denmark to meet its request.

To recall, the European Globalisation Adjustment Fund (EGF) aims to provide additional support to redundant workers who suffer from the consequences of major structural changes in world trade patterns and to assist them with their reintegration into the labour market. The Interinstitutional Agreement of 17 May 2006 on budgetary discipline allows for the mobilisation of the Fund through a flexibility mechanism, within the annual ceiling of EUR 500 million.

It should be noted that the scope of the EGF was broadened for applications submitted from 1 May 2009 to include support for workers made redundant as a direct result of the global financial and economic crisis.
