[OJ L 289 08.11.2011, p. 0030](#) Summary

Mobilisation of the European Globalisation Adjustment Fund: redundancies in automotive industry in Germany

PURPOSE: to mobilise the European Globalisation Adjustment Fund (EGF) in respect of redundancies in the automotive industry in Germany.

PROPOSED ACT: Decision of the European Parliament and of the Council.

CONTENT: the European Globalisation Adjustment Fund (EGF) was established by [Council Regulation No 1927/2006](#) to provide additional support to redundant workers who suffer from the consequences of major structural changes in world trade patterns and to assist them with their reintegration into the labour market.

The [Interinstitutional Agreement of 17 May 2006 on budgetary discipline](#) allows for the mobilisation of the European Globalisation Adjustment Fund (EGF) through a flexibility mechanism, within the annual ceiling of EUR 500 million over and above the relevant headings of the financial framework.

The Commission services have carried out a thorough examination of the application submitted by Germany to mobilise the EGF. The main elements of the assessment are as follows:

Germany: application EGF/2011/003 DE/Arnsberg and Düsseldorf automotive: on 9 February 2011, Germany submitted application EGF/2011/003 DE/Arnsberg and Düsseldorf automotive for a financial contribution from the EGF, following redundancies in five enterprises operating in the NACE Revision 2 Division 29 ('Manufacture of motor vehicles, trailers and semi-trailers') in the NUTS II regions of Arnsberg (DEA5) Düsseldorf (DEA1) in Germany. The application was supplemented by additional information up to 28 April 2011.

In order to establish the link between the redundancies and the global financial and economic crisis, Germany⁵ argues that, as a consequence of the crisis, demand for new motor vehicles in the European Union (EU) decreased in 2009 by 5.6% compared to 2008. Faced with this drop in demand, manufacturers of motor vehicles reduced their production even more drastically.

This downward trend continued in 2010. The production of motor vehicles in the EU in the first three quarters of 2010 was 14% below that of the same period in 2008. As Germany is the biggest motor vehicle manufacturing country in the EU the crisis had severe consequences for its motor vehicle manufacturing industry. In 2009 the turnover of the motor vehicles manufacturers in Germany decreased by 20% compared to

2008, whereas for the suppliers to these manufacturers the decrease for the same period was 26%. The redundancies covered by the present application concern specifically dismissals by the suppliers.

Germany submitted this application under the intervention criteria of Article 2(b) of Regulation (EC) No 1927/2006, which requires at least 500 redundancies over a nine-month period in enterprises operating in the same NACE Revision 2 Division in one region or two contiguous regions at NUTS II level in a Member State. The application cites 778 redundancies in five enterprises operating in the NACE Revision 2 Division 29 ('Manufacture of motor vehicles, trailers and semi-trailers') in the NUTS II regions of Arnsherg (DEA5) and Düsseldorf (DEA1) during the nine-month reference period from 1 March 2010 to 1 December 2010.

After a thorough examination of this application, the Commission has concluded in accordance with Article 10 of Regulation (EC) No 1927/2006 that the conditions for a financial contribution under this Regulation are met.

On the basis of the application from Germany, the proposed contribution from the EGF to the coordinated package of personalised services (including expenditure to implement EGF) is EUR 4 347 868, representing 65% of the total cost.

IMPACT ASSESSMENT: no impact assessment was carried out.

FINANCIAL IMPLICATIONS: considering the maximum possible amount of a financial contribution from the EGF under Article 10(1) of Regulation (EC) No 1927/2006, as well as the scope for reallocating appropriations, the Commission proposes to mobilise the EGF for the total amount referred to above, to be allocated under heading 1a of the financial framework.

The proposed amount of financial contribution will leave more than 25% of the maximum annual amount earmarked for the EGF available for allocations during the last four months of the year, as required by Article 12(6) of Regulation (EC) No 1927/2006.

By presenting this proposal to mobilise the EGF, the Commission initiates the simplified dialogue procedure, as required by Point 28 of the Interinstitutional Agreement of 17 May 2006, with a view to securing the agreement of the two arms of the budgetary authority on the need to use the EGF and the amount required. The Commission invites the first of the two arms of the budgetary authority that reaches agreement on the draft mobilisation proposal, at appropriate political level, to inform the other arm and the Commission of its intentions. In case of disagreement by either of the two arms of the budgetary authority, a formal dialogue meeting will be convened.

The Commission presents separately a transfer request in order to enter in the 2011 budget specific commitment and payment appropriations, as required in Point 28 of the Interinstitutional Agreement of 17 May 2006.

As a reinforcement of the EGF budget line 04.0501 by EUR 50 000 000 is foreseen through AB2/2011, this budget line will be used to cover the amount of EUR 4 347 868 needed for the present application.

Mobilisation of the European Globalisation Adjustment Fund: redundancies in automotive industry in Germany

The Committee on Budgets adopted the report drafted by Barbara MATERA (EPP, IT) on the proposal for a decision of the European Parliament and of the Council on mobilisation of the European Globalisation Adjustment Fund for an amount of EUR 4 347 868 in commitment and payment appropriations in respect of redundancies in the automotive industry in Germany.

Members recall that the European Union has set up the appropriate legislative and budgetary instruments to provide additional support to workers who are suffering from the consequences of major structural changes in world trade patterns and to assist their reintegration into the labour market.

Given that Germany has requested assistance in respect of cases concerning 778 redundancies, all targeted for assistance, in five enterprises operating in the NACE Revision 2 Division 29 ('Manufacture of motor vehicles, trailers and semi-trailers') in the NUTS II regions of Arnsherg (DEA5) and Düsseldorf (DEA1) in Germany, and that this application fulfils the eligibility criteria set up by the EGF Regulation, Members request the institutions involved to make the necessary efforts to accelerate the mobilisation of the EGF for the requested amount.

Members recall the institutions' commitment to ensuring a smooth and rapid procedure for the adoption of the decisions on the mobilisation of the EGF, providing one-off, time-limited individual support geared to helping workers who have suffered redundancies as a result of globalisation and the financial and economic crisis.

They also recall that:

- assistance from the EGF must not replace actions which are the responsibility of companies by virtue of national law or collective agreements, nor measures restructuring companies or sectors;
- the information provided on the coordinated package of personalised services to be funded from the EGF includes information on the complementarity with actions funded by the Structural Funds.

Members welcome the fact that, following repeated requests from the Parliament, for the first time the 2011 budget shows payment appropriations of EUR 47 608 950 on the EGF budget line 04 05 01. This dedicated allocation will avoid transfers from other budget lines, as happened in the past, which could be detrimental to the achievement of the various policies objectives.

Lastly, they welcome the reinforcement of the EGF budget line 04.05.01 by EUR 50 million through Amending budget No 3/2011, which will be used to cover the amount needed for this application.

Mobilisation of the European Globalisation Adjustment Fund: redundancies in automotive industry in Germany

The European Parliament adopted by 555 votes to 65, with 26 abstentions, a resolution on the proposal for a decision of the European Parliament and of the Council on mobilisation of the European Globalisation Adjustment Fund for an amount of EUR 4 347 868 in commitment and payment appropriations in respect of redundancies in the automotive industry in Germany.

Parliament recalls that the European Union has set up the appropriate legislative and budgetary instruments to provide additional support to workers who are suffering from the consequences of major structural changes in world trade patterns and to assist their reintegration into the labour market.

Given that Germany has requested assistance in respect of cases concerning 778 redundancies, all targeted for assistance, in five enterprises operating in the NACE Revision 2 Division 29 (?Manufacture of motor vehicles, trailers and semi-trailers?) in the NUTS II regions of Arnberg (DEA5) and Düsseldorf (DEA1) in Germany, and that this application fulfils the eligibility criteria set up by the EGF Regulation, Parliament requests the institutions involved to make the necessary efforts to accelerate the mobilisation of the EGF for the requested amount.

Parliament recalls the institutions' commitment to ensuring a smooth and rapid procedure for the adoption of the decisions on the mobilisation of the EGF, providing one-off, time-limited individual support geared to helping workers who have suffered redundancies as a result of globalisation and the financial and economic crisis.

At the same time, Parliament also recalls that:

Lastly, Parliament welcomes the reinforcement of the EGF budget line 04.05.01 by EUR 50 million through Amending budget No 3/2011, which will be used to cover the amount needed for this application.

Mobilisation of the European Globalisation Adjustment Fund: redundancies in automotive industry in Germany

PURPOSE: to mobilise the European Globalisation Adjustment Fund (EGF) in respect of redundancies in the automotive industry in Germany.

LEGISLATIVE ACT: Decision 2011/724/EU of the European Parliament and of the Council on mobilisation of the European Globalisation Adjustment Fund, in accordance with point 28 of the Interinstitutional Agreement of 17 May 2006 between the European Parliament, the Council and the Commission on budgetary discipline and sound financial management (application EGF/2011/003 DE/Arnberg and Düsseldorf automotive from Germany).

CONTENT: with this Decision, the European Parliament and the Council have decided to mobilise the European Globalisation Adjustment Fund to provide the sum of EUR 4 347 868 in commitment and payment appropriations in the framework of the general budget 2011.

This amount will assist Germany in respect of redundancies in five enterprises operating in the NACE Revision 2 Division 29 ("Manufacture of motor vehicles, trailers and semi-trailers") in the NUTS II regions of Arnberg (DEA5) and Düsseldorf (DEA1).

Given that this application complies with the requirements for determining the financial contributions as laid down in Regulation (EC) No 1927/2006 ([EGF](#)), the abovementioned amount has been granted to Germany to meet its request.

To recall, the European Globalisation Adjustment Fund (EGF) aims to provide additional support to redundant workers who suffer from the consequences of major structural changes in world trade patterns and to assist them with their reintegration into the labour market. The Interinstitutional Agreement of 17 May 2006 on budgetary discipline allows for the mobilisation of the Fund through a flexibility mechanism, within the annual ceiling of EUR 500 million.

It should be noted that the scope of the EGF was broadened for applications submitted from 1 May 2009 to include support for workers made redundant as a direct result of the global financial and economic crisis.
