2011 discharge: European Maritime Safety Agency (EMSA)

PURPOSE: presentation of the EU Court of Auditors report on the annual accounts of the European Maritime Safety Agency for the financial year 2011, together with the Agency's reply.

CONTENT: in accordance with the tasks conferred on the Court of Auditors by the Treaty on the Functioning of the European Union, the Court presents to the European Parliament and to the Council, in the context of the discharge procedure, a Statement of Assurance as to the reliability of the annual accounts of each institution, body or agency of the EU, and the legality and regularity of the transactions underlying them, on the basis of an independent external audit.

This audit concerned, amongst others, the annual accounts of the European Maritime Safety Agency (EMSA).

In the Court's opinion, the Agency's Annual Accounts fairly present, in all material respects, its financial position as of 31 December 2011 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation.

The Court also considers that the transactions underlying the annual accounts of the Agency for the financial year ended 31 December 2011 are, in all material respects, legal and regular.

The report confirms that the Agency's 2011 budget amounted to EUR 56.4 million and that the number of staff employed by the Agency at the end of the year was 252.

The report also makes a series of observations on the budgetary and financial management of the Agency, accompanied by the Agency's response. The main observations may be summarised as follows:

Court's comments:

- budget commitments: the Court states that budget commitments were not related to existing legal commitments and the Agency should have decommitted and paid back the amount to the Commission at the beginning of 2012;
- assets: the Court identified the need to improve the Agency's asset management. There are unexplained differences between the recorded annual and cumulated depreciation. For internally created intangible assets, accounting procedures and information on costs are not reliable;
- recruitment: the Court stresses the need to improve the transparency of recruitment procedures.

Agency's replies:

- the Agency states that it will review its year end procedures in order to ensure outstanding balances on commitments not related to existing legal obligations are decommitted before the closing of the year;
- differences between recorded annual and cumulated depreciation have been mainly triggered by impairment procedures and inclusion of assets transferred from third parties and already partly depreciated. Guidelines for internally generated intangible assets are being updated along with a proper cost allocation based on "formally accepted milestones" and their related percentage of completion;
- EMSA endorses the Court's recommendations and has already updated its recruitment procedures accordingly.

Lastly, the Court of Auditors report contains a summary of the Agency's activities in 2011. This is focused on the following:

- organising workshops and other events;
- training sessions for Port State Control officers;
- inspections et visits;
- SafeSeaNet (available 99.4% of time 2010) ;
- ordering 2 481 satellite images and analysed through CleanSeaNet ;
- EU Long Range Identification and Tracking Data Centre (LRIT) was available during 99.36% of time throughout the year;
- 64 drills and 16 exercises with the anti-pollution vessels;
- EMSA Maritime Support Services operating on a 24/7 basis;
- THETIS, the information system in support of the new Port State Control inspection 99.07% available throughout the year.

2011 discharge: European Maritime Safety Agency (EMSA)

The Committee on Budgetary Control adopted the report by Gerben-Jan GERBRANDY (ADLE, NL) on discharge to be granted to the Executive Director of the European Maritime Safety Agency (EMSA) in respect of the implementation of the Agency's budget for the financial year 2011.

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of EMSA for the financial year 2011 are reliable and that the underlying transactions are legal and regular, Members approve the closure of EMSA's accounts. However, they make a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

- Financing, budget and financial management: the Agency's 2011 budget amounted to EUR 56.4 million, compared to EUR 54.4 million in the previous year. Members regret that the Court of Auditors identified the need to improve the Agency's asset management but acknowledge that the Agency has addressed all the issues;
- Conflicts of interest: Members call on the Agency to scrutinise and prohibit possible conflicts of interest when hiring experts and staff from the sector it supervises.

Lastly, Members made a series of observations as regards the recruitment and audit procedures of this Agency.

2011 discharge: European Maritime Safety Agency (EMSA)

PURPOSE: to grant discharge to the European Maritime Safety Agency (EMSA) for the financial year 2011.

NON-LEGISLATIVE ACT: Decision 2013/588/EU of the European Parliament on discharge in respect of the implementation of the budget of the European Maritime Safety Agency for the financial year 2011.

CONTENT: with the present decision, and in accordance with Article 319 of the Treaty on the Functioning of the European Union (TFEU), the European Parliament grants discharge to the Executive Director of EMSA for the implementation of its budget for the financial year 2011.

This decision is in line with the European Parliament's resolution adopted on 17 April 2013 and comprises a series of observations that form an integral part of the discharge decision (please refer to the summary of the opinion of 17 April 2013).

A parallel decision, 2013/589/EU, adopted on the same day, approves the closure of this Agency's accounts for the 2011 financial year.

2011 discharge: European Maritime Safety Agency (EMSA)

The European Parliament adopted a decision on discharge to be granted to the Executive Director of the European Maritime Safety Agency (EMSA) in respect of the implementation of the Agency's budget for the financial year 2011. The vote on the decision to grant discharge covers the closure of the accounts (in accordance with Annex VI, Article 5(1) of the European Parliament's Rules of Procedure).

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of EMSA for the financial year 2011 are reliable and that the underlying transactions are legal and regular, Parliament adopted a resolution containing a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

- Financing, budget and financial management: Parliament recalls that the Agency's 2011 budget amounted to EUR 56.4 million, compared to EUR 54.4 million in the previous year. It regrets that the Court of Auditors identified the need to improve the Agency's asset management but acknowledges that the Agency has addressed all the issues.
- Recruitment procedures: Parliament notes the lack of transparency of recruitment procedures, in particular, the thresholds which candidates had to meet in order to be invited to interview. It acknowledges that the Agency has updated its recruitment procedures accordingly.
- Conflicts of interest: Parliament calls on the Agency to scrutinise and prohibit possible conflicts of interest when hiring experts and staff from the sector it supervises.

Lastly, Parliament made a series of observations as regards the audit procedures of this Agency.
