Final act
Decision 2013/576 OJ L 308 16.11.2013, p. 0228 Summary

2011 discharge: European Food Safety Authority (EFSA)

PURPOSE: presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2011, as part of the 2011 discharge procedure.

Analysis of the accounts of the European Food Safety Authority (EFSA).

CONTENT: this Commission document sets out the consolidated annual accounts of the European Union for the financial year 2011 as prepared on the basis of the information presented by the institutions, organisations and bodies of the EU, in accordance with Article 129 (2) of the Financial Regulation applicable to the EU's General Budget, including the European Food Safety Authority (EFSA).

In 2011, the tasks and budget of this agency were as follows:

- description of EFSA's tasks: EFSA, which is located in Parma, was established by [Regulation \(EC\) No 178/2002 of the European Parliament and of the Council of 28 January 2002](#) and its main tasks are to supply the scientific information needed for Union legislation to be drawn up, to collect and analyse data that allow risks to be identified and monitored and to provide independent information on these risks.
- EFSA's budget for the 2011 financial year: the Authority's budget for 2011, as presented in the Commission document on the consolidated annual accounts of the European Union, gives the following figures:
 - forecasted income budget: EUR 76 million;
 - entitlements established: EUR 76 million;
 - amounts received: EUR 76 million;
 - outstanding: EUR 0 million.

The complete version of EFSA's final accounts may be found at the following address:

<http://www.efsa.europa.eu/en/efsahow/funding.htm>

2011 discharge: European Food Safety Authority (EFSA)

PURPOSE: presentation of the EU Court of Auditors report on the annual accounts of the European Food Safety Authority (EFSA) for the financial year 2011, together with the Authority's replies.

CONTENT: in accordance with the tasks conferred on the Court of Auditors by the Treaty on the Functioning of the European Union, the Court presents to the European Parliament and to the Council, in the context of the discharge procedure, a Statement of Assurance as to the reliability of the annual accounts of each institution, body or agency of the EU, and the legality and regularity of the transactions underlying them, on the basis of an independent external audit.

This audit concerned, amongst others, the annual accounts of the European Food Safety Authority (EFSA).

In the Courts opinion, the Authority's Annual Accounts fairly present, in all material respects, its financial position as of 31 December 2011 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation.

The Court also considers that the transactions underlying the annual accounts of the Authority for the financial year ended 31 December 2011 are, in all material respects, legal and regular.

The report confirms that the Agency's 2011 budget amounted to EUR 78.8 million and that the number of staff employed by the Agency at the end of the year was 355.

The report also makes a series of observations on the budgetary and financial management of the Agency, accompanied by the latter's response. The main observations may be summarised as follows:

Courts observations:

- budgetary management: the Court notes weaknesses in budget planning and implementation and is at odds with the principle of specification;
- building policy: the Authority purchased a new headquarters building in December 2011 for EUR 36.8 million which will be paid by quarterly instalments over 25 years, resulting in interest payments of EUR 18.5 million. The Court questions whether a more economic alternative could have been sought from the budgetary authorities in accordance with the principle of sound financial management and ensuring full respect of the Financial Regulation;
- there is room for improving the transparency of recruitment procedure.

Authority's response:

- the Authority states that it will consider adapting its budget structure within the overall budgetary framework to reduce fragmentation and needs for transfers in the future;
- EFSA states that it acquired its headquarters following modalities cleared by the Budgetary Authority foreseeing payment spread over 25 years. EFSA has asked recently the European Commission to consider requesting additional resources to the Budgetary authority to shorten the purchase calendar. Such anticipated purchase is possible at no costs for EFSA;
- EFSA recruitment procedures are fully compliant with regulatory requirements and it adapted its relevant processes in January 2012.

Lastly, the Court of Auditors report contains a summary of the Authority's activities in 2011. This is focused on the following:

- scientific outputs and supporting publications: scientific opinions and advice, risk assessment approaches;
- evaluation of products, substances and claims subject to authorisation;
- data collection, scientific cooperation and networking;
- various publications.

2011 discharge: European Food Safety Authority (EFSA)

The Committee on Budgetary Control adopted the report by Gerben-Jan GERBRANDY (ADLE, NL) on discharge to be granted to the Executive Director of the European Food Safety Agency (EFSA) in respect of the implementation of the Agency's budget for the financial year 2011.

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of EFSA for the financial year 2011 are reliable and that the underlying transactions are legal and regular, Members approve the closure of EFSA's accounts. However, they make a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

- Financing, budget and financial management: EFSA's 2011 budget amounted to EUR 77.31 million, compared to EUR 74.7 million in the previous year which represents an increase of 3.49 %;
- Implementation rate of appropriations and carryovers: Members note that the payment appropriations execution rate was 82.05%, which represents a minor decrease in comparison to the previous year (83.51%). They remind the Authority to respect in an improved way the principle of annuality even if they consider 2011 as a special year, due to the movement to the new headquarters and the delayed settlement of payments in this respect;
- Conflicts of interest: Members note with concern that according to the findings of the Court of Auditors, the Authority did not adequately manage conflict of interest situations, even if, in the meantime, EFSA had already developed advanced policies for managing conflicts of interest, because these policies have not led to the desired results. EFSA was criticised for a lack of transparency with respect to the publication of annual declarations of interest and the absence of training on conflicts of interest. They urge EFSA to keep conflicts of interest high on the priority list in order to protect its credibility and to safeguard the public's trust in food safety. They call on it to start a structured dialogue with civil society on matters relating to conflicts of interest and to invite those

organisations concerned to openly discuss matters of common interest. They strongly suggest that, in order to prevent its staff from moving directly from their position to work in a similar post in industry or related lobby-agency, or vice versa, an adequate cooling off period should be established and respected for the specific areas of work.

Lastly, Members made a series of observations as regards EFSA's buildings policy, its budgetary transfers and internal audit procedures.

2011 discharge: European Food Safety Authority (EFSA)

PURPOSE: to grant discharge to the European Food Safety Authority for the financial year 2011.

NON-LEGISLATIVE ACT: Decision 2013/576/EU of the European Parliament on discharge in respect of the implementation of the budget of the European Food Safety Authority for the financial year 2011.

CONTENT: with this Decision and in accordance with Article 319 of the Treaty on the Functioning of the European Union (TFEU), the European Parliament gives discharge to the Executive Director of the European Food Safety Authority for the implementation of the Authority's budget for 2011.

The Decision is consistent with the European Parliament's resolution adopted on 17 April 2013 and includes a series of observations that form an integral part of the discharge decision (refer to the summary of the opinion of 17 April 2013).

Decision 2013/577/EU, adopted on the same day, approves the closure of the accounts for this Community agency for 2011.

2011 discharge: European Food Safety Authority (EFSA)

The European Parliament adopted a decision on discharge to be granted to the Executive Director of the European Food Safety Agency (EFSA) in respect of the implementation of the Agency's budget for the financial year 2011. The vote on the decision to grant discharge covers the closure of the accounts (in accordance with Annex VI, Article 5(1) of the European Parliament's Rules of Procedure).

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of EFSA for the financial year 2011 are reliable and that the underlying transactions are legal and regular, Parliament adopted a resolution containing a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

- Financing, budget and financial management: Parliament recalls that EFSA's 2011 budget amounted to EUR 77.31 million, compared to EUR 74.7 million in the previous year which represents an increase of 3.49 %;
- Implementation rate of appropriations and carryovers: it notes that the payment appropriations execution rate was 82.05%, which represents a minor decrease in comparison to the previous year (83.51%). Members remind the Authority to respect in an improved way the principle of annuality even if they consider 2011 as a special year, due to the movement to the new headquarters and the delayed settlement of payments in this respect.
- Building's policy: Parliament notes that the Authority purchased a new headquarters building in December 2011 for EUR 36.8 million which will be paid in quarterly instalments over 25 years, resulting in interest payments of EUR 18.5 million. It notes, moreover, that the Court of Auditors questioned whether a more economic alternative could have been sought from the budgetary authority in accordance with the principle of sound financial management and ensuring full respect of the Financial Regulation. The Authority recalls that it submitted the building project to the budgetary authority in 2005 with a deferred purchase price payment agreement over 25 years, and the budgetary authority approved the building project. Parliament also notes that at the Court of Auditors' suggestion, a request was made to the Commission to seek additional payment credits in order to cover the full purchase with only one down-payment. It notes, however, that there was no possibility to increase the appropriations towards the Authority to cover a single down-payment in the current climate of tight expenditure.
- Conflicts of interest: Parliament notes with concern that according to the findings of the Court of Auditors, the Authority did not adequately manage conflict of interest situations, even if, in the meantime, EFSA had already developed advanced policies for managing conflicts of interest, because these policies have not led to the desired results. EFSA was criticised for a lack of transparency with respect to the publication of annual declarations of interest and the absence of training on conflicts of interest. Members urge EFSA to keep conflicts of interest high on the priority list in order to protect its credibility and to safeguard the public's trust in food safety. They call on it to start a structured dialogue with civil society on matters relating to conflicts of interest and to invite those organisations concerned to openly discuss matters of common interest. They strongly suggest that, in order to prevent its staff from moving directly from their position to work in a similar post in industry or related lobby-agency, or vice versa, an adequate cooling off period should be established and respected for the specific areas of work.

Lastly, Parliament made a series of observations as regards EFSA's budgetary transfers and internal audit procedures.
