Final act

[Decision 2013/600](#)
[OJ L 308 16.11.2013, p. 0299](#) Summary

2011 discharge: Euratom Supply Agency (ESA)

PURPOSE: presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2011, as part of the 2011 discharge procedure.

Analysis of the accounts of the Euratom Supply Agency (ESA).

CONTENT: this Commission document sets out the consolidated annual accounts of the European Union for the financial year 2011 as prepared on the basis of the information presented by the institutions, organisations and bodies of the EU, in accordance with Article 129 (2) of the Financial Regulation applicable to the EU's General Budget, including the Euratom Supply Agency (ESA).

In 2011, the tasks and budget of this agency were as follows:

- description of ESA's tasks: ESA, which is located in Luxembourg, was created in 1958. A [Council Decision 2008/114/EC, Euratom of 12 February 2008](#) replaced the preceding Statutes of the Agency and the Agency's main tasks are to provide the Union with expertise on the market in nuclear materials and services and to monitor it;
- ESA's budget for the 2011 financial year: for 2011, the European Parliament decided in its vote on the 2011 Budget, to give a token entry dash to Budget heading 32.01.06 Subsidy from the European Atomic Energy Community for the operation of the Agency. This decision means that the Agency no longer had its budget for 2011. To allow the Agency to operate, some Commission DGs will bear the Agency's expenses for 2011 under their own budget.

The complete version of ESA's final accounts may be found at the following address: <http://ec.europa.eu/euratom/accounts.html>

2011 discharge: Euratom Supply Agency (ESA)

PURPOSE: presentation by the Court of Auditors of its report on the annual accounts of the Euratom Supply Agency (ESA) for the financial year 2011, together with the Agency's replies.

CONTENT: in accordance with the tasks and objectives conferred on it by the Treaty on the Functioning of the European Union (TFEU), the Court of Auditors, in the context of the discharge procedure, addresses to the European Parliament and the Council a Statement of Assurance on the reliability of the annual accounts, as well as of the legality and regularity of the transactions underlying them of each EU institution, body or agency, on the basis of an external, independent audit.

This audit also covered the annual accounts of the Euratom Agency.

In the Courts opinion, the Agency's Annual Accounts fairly present, in all material respects, its financial position as of 31 December 2011 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation.

The Court also considers that the transactions underlying the annual accounts of the Agency for the financial year ended 31 December 2011 are, in all material respects, legal and regular.

The Agency did not receive an own budget to cover its operations since 2008. The Commission bore all costs incurred by the Agency for implementing the 2011 activities. For 2012, the Agency was granted its own budget by the Commission.

The report also included comments on the Agency's budgetary and financial management, together with the Agency's replies. The main comments are as follows:

Court's comments:

- the issue of the financial independence of the Agency: the Court wishes to draw again attention to the fact that Article 54 of the Treaty Establishing the European Atomic Energy Community provides that the Agency shall have financial autonomy. However, the Agency has not, since 2008, received a budget. That being the case, the European Commission has directly discharged the Agency's expenses mentioned in Article 7 above. In the Court's view, this situation is at odds with the Statutes of the Agency and the Court considers that the Agency and the Commission should, together with all interested parties, consider measures to eliminate this situation.

Agency's replies:

- the Agency agrees with the conclusion of the Court of Auditors. In 2011, the Commission adopted the proposal to re-establish a specific budget line for the Euratom Supply Agency. As a result, for 2012 the Agency was granted a subsidy of 98 000 euro by the Commission, with a total budget of EUR 104 000 (including the financial revenues) for 2012.

2011 discharge: Euratom Supply Agency (ESA)

The Committee on Budgetary Control adopted the report by Gerben-Jan GERBRANDY (ADLE, NL) on discharge to be granted to the Director of the Euratom Supply Agency for the financial year 2011.

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of the Supply Agency for the financial year 2011 are reliable and that the underlying transactions are legal and regular, Members approve the closure of the Agency's accounts. However, they make a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#).

Members note that in 2011, the Agency did not receive any subsidy to cover its operations and that the Commission bore all expenses incurred by the Agency for the implementation of its 2011 budget. This situation has continued since the creation of the Agency in 2008.

Members also note that in the absence of an autonomous budget, the Agency was integrated de facto in the Commission in 2011 and that this situation was at odds with its Statutes. They note, however, that in 2011, the Commission adopted the proposal to re-establish a specific budget line (namely budget line 32 01 06) for the Agency and as a result, it was granted a subsidy of 98 000 EUR by the Commission in 2012, with a total budget of EUR 104 000 (including financial revenues) in 2012.

They consider that this represents a major achievement in addressing the current concerns.

2011 discharge: Euratom Supply Agency (ESA)

The European Parliament adopted a decision on discharge to be granted to the Director of the Euratom Supply Agency for the financial year 2011. The vote on the decision to grant discharge covers the closure of the accounts (in accordance with Annex VI, Article 5(1) of the European Parliament's Rules of Procedure).

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of the Supply Agency for the financial year 2011 are reliable and that the underlying transactions are legal and regular, Parliament adopted a resolution containing a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#).

It notes that in 2011, the Agency did not receive any subsidy to cover its operations and that the Commission bore all expenses incurred by the Agency for the implementation of its 2011 budget. This situation has continued since the creation of the Agency in 2008.

Parliament also notes that in the absence of an autonomous budget, the Agency was integrated de facto in the Commission in 2011 and that this situation was at odds with its Statutes. However, Members note that in 2011, the Commission adopted the proposal to re-establish a specific budget line (namely budget line 32 01 06) for the Agency and as a result, it was granted a subsidy of 98 000 EUR by the Commission in 2012, with a total budget of EUR 104 000 (including financial revenues) in 2012.

They consider that this represents a major achievement in addressing the current concerns.

2011 discharge: Euratom Supply Agency (ESA)

PURPOSE: to grant discharge to the Euratom Supply Agency for the financial year 2011.

NON-LEGISLATIVE ACT: Decision 2013/600/EU of the European Parliament on discharge in respect of the implementation of the budget of the Euratom Supply Agency for the financial year 2011.

CONTENT: with the present decision, and in accordance with Article 319 of the Treaty on the Functioning of the European Union (TFEU), the European Parliament grants discharge to the Director-General of the Euratom Supply Agency for the implementation of its budget for the financial year 2011.

This decision is in line with the European Parliament's resolution adopted on 17 April 2013 and comprises a series of observations that form an integral part of the discharge decision (please refer to the summary of the opinion of 17 April 2013).

A parallel decision, 2013/601/EU, adopted on the same day, approves the closure of this Agency's accounts for the 2011 financial year.
