Analysis of the accounts of the Agency for the Cooperation of Energy Regulators (ACER).

CONTENT: this Commission document sets out the consolidated annual accounts of the European Union for the financial year 2012 as prepared on the basis of the information presented by the institutions, organisations and bodies of the EU, in accordance with Article 129 (2) of the Financial Regulation applicable to the EU's General Budget, including the Agency for the Cooperation of Energy Regulators (ACER).

In 2012, the tasks and budget of this agency were as follows:

- description of ACER's tasks: ACER, which is located in Ljubljana, was set up by [Regulation \(EU\) No 713/2009 of the European Parliament and of the Council](#) with a view to helping the Member States regulatory authorities in the areas of electricity and natural gas to carry out their regulatory tasks in line with the applicable Community texts, if necessary by coordinating their action. - ACER's budget for the 2012 financial year: ACER's budget for 2012, as presented in the Commission document on the consolidated annual accounts of the European Union, gives the following figures:

§ Commitment appropriations :

- committed : EUR 7 million;

2012 discharge: Agency for the Cooperation of Energy Regulators (ACER)

PURPOSE : presentation of the EU Court of Auditors report on the annual accounts of the

Agency for Cooperation of Energy Regulators (ACER) for the year 2012, together with the Agency's reply.

CONTENT: in accordance with the tasks conferred on the Court of Auditors by the Treaty on the Functioning of the European Union, the Court presents to the European Parliament and to the Council, in the context of the discharge procedure, a Statement of Assurance as to the reliability of the annual accounts of each institution, body or agency of the EU, and the legality and regularity of the transactions underlying them, on the basis of an independent external audit.

This audit concerned, amongst others, the annual accounts of the Agency for Cooperation of Energy Regulators (ACER).

In the Court's opinion, ACER's Annual Accounts fairly present, in all material respects, its financial position as of 31 December 2012 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation and the accounting rules adopted by the Commission's accounting officer.

The Court also considers that the transactions underlying the annual accounts of the Agency for the financial year ended 31 December 2012 are, in all material respects, legal and regular.

The report confirms that the Agency's 2012 budget amounted to EUR 4.8 million.

The report also makes a series of observations on the budgetary and financial management of the Agency, accompanied by the Agency's response. The main observations may be summarised as follows:

The Court's observations:

- carried-over commitments: the Agency carried over committed appropriations (Agency's building and associated costs) amounting to EUR 1.7 million, representing 81 % of total committed title II appropriations. The Agency also made 20 budget transfers of some EUR 1 million euro and affecting 43 budget lines;
- recruitment: the audited recruitment procedures revealed shortcomings affecting transparency and equal treatment of candidates.

The Agency's reply:

- the EUR 4.2 million cash balance held in the Agency's bank account at year-end included the 2011 budgetary surplus of EUR 1.6 m paid back in January 2013, as the Agency received the request from the Commission only on 8 January 2013. The Agency's cash management aims to ensure that funds are available to cover outstanding liabilities as they occur ;
- the Agency is strictly following the interview and written test procedures as established in detail in the relevant Director decision 2012-17 on Guidelines on recruitment procedures and work of the Selection Committees on 20 March 2012, ensuring questions and assessment criteria are fixed before the start of the testing and interviews. In order to take account of the auditors' comments the Agency agrees to revise the current procedure.

Lastly, the Court of Auditors report contains a summary of the Agency's activities in 2012. This is focused on the following:

- opinions and framework guidelines, inter alia, on electricity ;
- reasoned opinions and recommendations on network codes ;
- joint report on market surveillance ;
- quarterly reports on regional initiatives on electricity ;
- two new Agency Working Groups established (implementation, monitoring and procedures Working Group and a market integrity and transparency Working Group), and the Rules for the functioning of the Working Groups were updated.

2012 discharge: Agency for the Cooperation of Energy Regulators (ACER)

The Committee on Budgetary Control adopted the report by Petri SARVAMAA (EPP, FI) in which it recommended the European Parliament to grant discharge to the Director of the European Agency for the Cooperation of Energy Regulators discharge in respect of the implementation of the Agency's budget for the financial year 2012.

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of the Agency for the financial year 2012 are reliable, and that the underlying transactions are legal and regular, Members approved the closure of the Agency's accounts. They made, however, a number of recommendations that needed to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#).

- Legality and regularity: Members noted with concern that in order to cover higher school fees, the Agency grants staff whose children attend primary or secondary school a top-up allowance which amounted to some EUR 23 000 in 2012, in addition to the education allowances provided for in the Staff Regulations. For Members, these allowances are not covered by the Staff Regulations and are, therefore, considered irregular even though they acknowledge that this situation is due to the lack of European Schools in the city where the Agency is based.
- Budget and financial management: Members noted that budget monitoring efforts during the financial year 2012 resulted in a budget implementation rate of 93.75% and that the payment appropriations execution rate was 66.8%. They regretted that the Agency carried over committed appropriations amounting to EUR 1.7 million, representing 81% of total committed appropriations relating mainly to the

implementation of the REMIT regulation. They noted with concern that the Agency held EUR 4.2 million in cash at the end of the year, including the 2011 budget surplus of EUR 1.6 million resulting from an excessive call for funds in 2011. Members called on the Agency to report on its progress within the framework of the 2012 discharge follow-up.

Members also made a series of observations on transfers, procurement and recruitment procedures as well as comments on internal controls.

Lastly, they acknowledged that the Agency is reviewing its policy on the prevention and management of conflicts of interests on the basis of the Commission's Guidelines on the Prevention and Management of Conflict of Interest in EU Decentralised Agencies. They called on the Agency to inform the discharge authority of the assessment results once available.

- **Legality and regularity:** Parliament noted with concern that in order to cover higher school fees, the Agency grants staff whose children attend primary or secondary school a top-up allowance which amounted to some EUR 23 000 in 2012, in addition to the education allowances provided for in the Staff Regulations. For the Parliament, these allowances are not covered by the Staff Regulations and are, therefore, considered irregular even though they acknowledge that this situation is due to the lack of European Schools in the city where the Agency is based.
- **Budget and financial management:** Parliament noted that budget monitoring efforts during the financial year 2012 resulted in a budget implementation rate of 93.75% and that the payment appropriations execution rate was 66.8%. It noted with concern that the Agency held EUR 4.2 million in cash at the end of the year, including the 2011 budget surplus of EUR 1.6 million resulting from an excessive call for funds in 2011. Parliament called on the Agency to report on its progress within the framework of the 2012 discharge follow-up.
- **Performance:** Parliament requested that the Agency communicate the results and impact its work has on European citizens in an accessible way, mainly through its website.

It also made a series of observations on transfers, procurement and recruitment procedures as well as comments on internal controls.

Lastly, Parliament acknowledged that the Agency is reviewing its policy on the prevention and management of conflicts of interests on the basis of the Commission's Guidelines on the Prevention and Management of Conflict of Interest in EU Decentralised Agencies. It called on the Agency to inform the discharge authority of the assessment results once available.
