Measures that the Union may take concerning anti-dumping and anti-subsidy matters.

Codification

PURPOSE: codification of Council Regulation (EC) No 1515/2001 of 23 July 2001 on the measures that may be taken by the Community following a report adopted by the WTO Dispute Settlement Body concerning anti-dumping and anti-subsidy matters.

PROPOSED ACT: Regulation of the European Parliament and of the Council.

ROLE OF THE EUROPEAN PARLIAMENT: the European Parliament decides in accordance with the ordinary legislative procedure and on an equal footing with the Council.

BACKGROUND: Council Regulation (EC) No 1515/2001 has been substantially amended several times. It is recalled that in 1987, the Commission decided to instruct its staff that all acts should be codified after no more than ten amendments, stressing that this is a minimum requirement. The Edinburgh European Council in December 1992 confirmed the importance of codification as it offers certainty as to the law

applicable to a given matter at a given time.

The European Parliament, the Council and the Commission agreed, by an interinstitutional agreement dated 20 December 1994, that an accelerated procedure may be used for the fast-track adoption of codification instruments.

CONTENT: in the interests of clarity and transparency of Union law, the purpose of this proposal is to undertake a codification of Council Regulation (EC) No 1515/2001 on the measures that may be taken by the Community following a report adopted by the WTO Dispute Settlement Body concerning anti-dumping and anti-subsidy matters.

The new Regulation will supersede the various acts incorporated in it; it fully preserves the content of the acts being codified and hence does no more than bring them together with only such formal amendments as are required by the codification exercise itself.

The purpose of this proposal is to establish specific provisions with a view to permitting the Union, where it considers this appropriate, to bring a measure taken under Regulation (EC) No 1225/2009 (anti-dumping measures) or Regulation (EC) No 597/2009 (anti-subsidy measures) into conformity with the recommendations and rulings contained in a report adopted by the Dispute Settlement Body (DSB) of the World Trade Organisation (WTO) concerning anti-dumping and anti-subsidy measures.

In concrete terms, the Commission may: (a) repeal or amend the disputed measure; or (b) adopt any other special implementing measure deemed to be appropriate in the circumstances in order to bring the Union into conformity with the recommendations and rulings contained in the report. In addition, the Commission should be able, where appropriate, to suspend or review such measures.

Any measures adopted pursuant to this Regulation shall take effect from the date of their entry into force and shall not serve as basis for the reimbursement of the duties collected prior to that date, unless otherwise provided for.

Those measures should be adopted in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council. The proposal stipulates that the advisory procedure should be used for the suspension of measures for a limited period of time given the effects of such measures.

Codification

The Committee on Legal Affairs adopted the report by Andrzej DUDA (ECR, PL) on the proposal for a regulation of the European Parliament and of the Council on the measures that the Union may take following a report adopted by the WTO Dispute Settlement Body concerning anti-dumping and anti-subsidy matters (codified text).

It recommended the European Parliament to adopt its position at first reading, taking over the Commission proposal as adapted to the recommendations of the Consultative Working Party of the legal services of the European Parliament, the Council and the Commission.

The Consultative Working Party stated that the proposal in question contains a straightforward codification of the existing texts without any change in their substance.

Codification

The European Parliament adopted by 635 votes to 52, with 13 abstentions, a legislative resolution on the proposal for a regulation of the European Parliament and of the Council on the measures that the Union may take following a report adopted by the WTO Dispute Settlement Body concerning anti-dumping and anti-subsidy matters (codified text).

Parliament adopted its position at first reading following the ordinary legislative procedure taking over the Commission proposal as adapted to the recommendations of the Consultative Working Party of the legal services of the European Parliament, the Council and the Commission.

According to the Consultative Working Party, the proposal in question contains a straightforward codification of the existing texts without any change in their substance.

The proposed regulation seeks to establish specific provisions with a view to permitting the Union, where it considers this appropriate, to bring a measure taken under Regulation (EC) No 1225/2009 (anti-dumping measures) or Regulation (EC) No 597/2009 (anti-subsidy measures) into conformity with the recommendations and rulings contained in a report adopted by the WTO Dispute Settlement Body concerning anti-dumping and anti-subsidy matters.

CONTENT: the Regulation codifies and repeals Council Regulation (EC) No 1515/2001 which has been substantially amended on several occasions.

The new Regulation establishes specific provisions with a view to permitting the Union, where it considers this appropriate, to bring a measure taken under Regulation (EC) No 1225/2009 or Regulation (EC) No 597/2009 into conformity with the recommendations and rulings contained

Implementation measures will be adopted in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council

The advisory procedure will be used for the suspension of measures for a limited period of time given the effects of such measures.
