[Regulation 2015/939](#)
[OJ L 160 25.06.2015, p. 0062](#) Summary

EC/Albania Stabilisation and Association Agreement: application. Codification

PURPOSE: to codify Council Regulation (EC) No 1616/2006 on certain procedures for applying the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Albania, of the other part, and for applying the Interim Agreement between the European Community and Albania.

PROPOSED ACT: Regulation of the European Parliament and of the Council.

ROLE OF THE EUROPEAN PARLIAMENT: the European Parliament decides in accordance with the ordinary legislative procedure and on an equal footing with the Council.

CONTENT: in the interests of clarity and rationality, the purpose of this proposal is to undertake a codification of Council Regulation (EC) No

1616/2006 of 23 October 2006 on certain procedures for applying the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and Albania, of the other part, and for applying the Interim Agreement between the European Community and Albania.

Council Regulation (EC) No 1616/2006 has been substantially amended. It is recalled that on 1 April 1987 the Commission decided to instruct its staff that all acts should be codified after no more than ten amendments, stressing that this is a minimum requirement.

The Conclusions of the Presidency of the December 1992 Edinburgh European Council confirmed this, stressing the importance of codification.

The European Parliament, the Council and the Commission agreed, by an interinstitutional agreement dated 20 December 1994, that an accelerated procedure may be used for the fast-track adoption of codification instruments.

The new proposed Regulation will supersede the various acts incorporated in it; this proposal fully preserves the content of the acts being codified and hence does no more than bring them together with only such formal amendments as are required by the codification exercise itself.

EC/Albania Stabilisation and Association Agreement: application. Codification

The Committee on Legal Affairs adopted the report of Andrzej DUDA (ECR, PL) on the proposal for a regulation of the European Parliament and of the Council on certain procedures for applying the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the Republic of Albania, of the other part (codified text).

The parliamentary committee recommended that the European Parliament adopts its position at first reading, taking over the Commission proposal as adapted to the recommendations of the Consultative Working Party of the legal services of the European Parliament, the Council and the Commission.

The Consultative Working Party concluded that the proposal is a straightforward codification of existing texts, without any change in their substance.

EC/Albania Stabilisation and Association Agreement: application. Codification

The European Parliament adopted by 622 votes to 52, with 19 abstentions, a legislative resolution on the proposal for a regulation of the European Parliament and of the Council on certain procedures for applying the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the Republic of Albania, of the other part (codified text).

Parliament adopted its position at first reading following the ordinary legislative procedure taking over the Commission proposal.

The Consultative Working Party of the legal services of the European Parliament, the Council and the Commission concluded that the proposal in question contains a straightforward codification of the existing texts without any change in their substance.

Council Regulation (EC) No 1616/2006 lays down the procedures for applying certain provisions of the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the Republic of Albania, of the other part (SAA) which was signed in Luxembourg on 12 June 2006 and entered into force on 1 April 2009.

The proposal seeks to:

- lay down provisions regulating the management of tariff quotas for fishery products originating in Albania which may be imported into the Union;
- provide that the trade defence measures should be adopted in accordance with the general provisions laid down in Regulation (EU) 2015/478 of the European Parliament and of the Council, Regulation (EU) 2015/479 of the European Parliament and of the Council, Council Regulation (EC) No 1225/2009 or, as the case may be, Council Regulation (EC) No 597/2009;
- state that where a Member State provides information to the Commission on a possible fraud or failure to provide administrative cooperation, the relevant Union legislation shall apply;
- provide that for the purposes of implementing the relevant provisions of this Regulation, the Commission should be assisted by the Customs Code Committee;
- stipulates that the implementation of the bilateral safeguard clauses of the SAA requires uniform conditions for the adoption of safeguard and other measures should be adopted in accordance with [Regulation \(EU\) No 182/2011](#) of the European Parliament and of the Council (comitology);
- enable the Commission to adopt immediately applicable implementing acts where, in duly justified cases relating to exceptional and critical circumstances, imperative grounds of urgency so require.

- enable the Commission to adopt immediately applicable implementing acts where, in duly justified cases relating to exceptional and critical circumstances arising, imperative grounds of urgency so require.

ENTRY INTO FORCE: 15.7.2015. Regulation (EC) No 1616/2006 is repealed.
