[OJ L 246 14.09.2016, p. 0180](#) Summary

2014 discharge: Translation Centre for the Bodies of the European Union (CdT)

PURPOSE: presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2014, as part of the 2014 discharge procedure.

Analysis of the accounts of the Translation Centre for the Bodies of the European Union (CdT).

CONTENT: this Commission document sets out the consolidated annual accounts of the European Union for the financial year 2014 as prepared on the basis of the information presented by the institutions, organisations and bodies of the EU, in accordance with Article 148 (2) of the Financial Regulation applicable to the EU's General Budget, including the Translation Centre for the Bodies of the European Union (CdT).

The document contains the figures on which the discharge procedure is based.

On this basis, the Financial Controller of the European Commission ensures the certification of the consolidated accounts as declared by the institutions, agencies and bodies of the European Union.

Discharge procedure of the EU agencies: the EU Budget finances a wide range of policies and programmes throughout the EU. In accordance with the priorities set by the European Parliament and the Council in the multi-annual financial framework (MFF), the European Commission carries out specific programmes, activities and projects in the field with the technical support of some specialised agencies.

The consolidated annual accounts of the EU provide information on the activities of the institutions, agencies and other bodies of the EU from a budgetary and accrual accounting perspective.

The consolidated reports on the implementation of the general budget of the EU include the budget implementation of all Institutions. Agencies

do not have a separate budget inside the EU budget; and they are partially financed by a Commission budget subsidy.

This document sets out how the Agencies spent and implemented their budget in 2014. Each agency is subject to its own discharge procedure.

CdT: in 2014, the tasks and budget of this agency were as follows:

- description of the Centre's tasks: the Translation Centre for the Bodies of the European Union, which is located in Luxembourg (LU), was established by [Council Regulation \(EC\) No 2965/94](#) and its role is to provide any European Union Institutions and Bodies, which call upon its services with the translation services necessary for their activities;
- the Centre's budget for the 2014 financial year: the Centres budget for 2014, as presented in the Commission document on the consolidated annual accounts of the European Union, gives the following figures:

Commitment appropriations:

- committed : EUR 56 million;
- paid : EUR 45 million;
- carried over : 0.

Payment appropriations :

- committed : EUR 59 million;

2014 discharge: Translation Centre for the Bodies of the European Union (CdT)

PURPOSE: presentation of the report of the Court of Auditors on the annual accounts of the Translation Centre for the Bodies of the European Union for the financial year 2014, together with the Centres replies (CdT).

CONTENT: in line with the tasks and objectives conferred on the Court of Auditors by the Treaty on the Functioning of the European Union, it provides in the context of the discharge procedure, both in Parliament and Council, a Statement of Assurance concerning the reliability of the accounts and the legality and regularity of the underlying transactions of each institution, body or agency of the EU, based on an independent external audit.

This audit also focused on the annual accounts of the Centre CdT.

Statement of assurance: pursuant to the provisions of Article 287 of the Treaty on the Functioning of the European Union (TFEU), the Court has audited:

- the annual accounts of the Centre, which comprise the financial statements and the reports on the implementation of the budget for the financial year ended 31 December 2014, and
- the legality and regularity of the transactions underlying those accounts.

Opinion on the reliability of the accounts: in the Courts opinion, the Centres annual accounts present fairly, in all material respects, its financial position as at 31 December 2014 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation and the accounting rules adopted by the Commissions accounting officer.

Opinion on the legality and regularity of the transactions underlying the accounts: in the Courts opinion, the transactions underlying the annual accounts for the year ended 31 December 2014 are legal and regular in all material respects.

The report of the Court of Auditors at the same time has a series of observations on budget management and financial agency, together with the responses of the latter. The main observations can be summarised as follows:

Observations of the Court:

- budget surplus: the Court noted that cash and short-term deposits held by the Centre further increased from EUR 40 million at the end of 2013 to EUR 44 million at the end of 2014 (budgetary surplus and reserves increased from EUR 37.5 million to EUR 40.4 million). This indicates scope to reduce prices, as was the case in previous year.

Responses of the Centre:

- budget surplus: the Centre noted that it is aware of the high level of cash and recurrent budgetary surpluses and has taken various steps to reverse this trend. The Centre decreased the 2014 prices and a further decrease in prices was introduced in the 2015 budget. In 2015, the Centre also reimbursed to clients part of the reserve for stability pricing, amounting to EUR 2.3 million. To avoid any further increase in the surplus, the Centre has introduced an automatic reimbursement of the budget surplus to clients.

Lastly, the Court of Auditors report contains a summary of Centres activities in 2014. It is particularly focused on the following activities:

Budget: EUR 56.27 million of which the Union subsidy amounts to 86.3%.

Activities:

- number of pages translated: 758 061 pages against 804 986 the previous year;
- number of pages by languages: in the official EU languages: 751 064 pages; in other languages: 6 997 pages;
- number of pages per client: bodies: 747 951 pages; institutions: 10 110 pages;

- number of pages translated by freelancers: 503 153 pages.

2014 discharge: Translation Centre for the Bodies of the European Union (CdT)

Having examined the revenue and expenditure accounts for the financial year 2014 and the balance sheet as at 31 December 2014 of the Translation Centre for the Bodies of the European Union (CdT), as well as the Court of Auditors' report on the annual accounts of the Centre for the financial year 2014, accompanied by the Centre's replies to the Court's comments, the Council recommended the European Parliament to give a discharge to the Director of the Centre in respect of the implementation of the budget for the financial year 2014.

The Council welcomed the Court's opinion that, in all material respects, the Centre's annual accounts present fairly its financial position as at 31 December 2014 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of the Centre's Financial Regulation, and that the underlying transactions for 2014 are legal and regular in all material respects.

Nevertheless, the Council has made some observations which may be summarised as follows:

- budgetary surplus: the Council noted the Court's observation, as was the case in previous years, that a budgetary surplus was recorded at the end of 2014. It invited the Centre to use the available scope to reduce prices.

2014 discharge: Translation Centre for the Bodies of the European Union (CdT)

The Committee on Budgetary Control adopted the report by Derek VAUGHAN (S&D, UK) on discharge in respect of the implementation of the budget of the Translation Centre for the Bodies of the European Union for the financial year 2014.

The parliamentary committee calls on the European Parliament to grant the Director of the Centre discharge in respect of the implementation of the agency's budget for the financial year 2014.

Noting that the Court of Auditors issued a statement of assurance as to the reliability of the accounts and the legality and regularity of the underlying transactions for the financial year 2014, Members call on Parliament to approve the closure of the Centres accounts. They made, however, a number of recommendations that needed to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

- Centres financial statements: Members note the final budget of the Centre for the financial year 2014 was EUR 56 268 041, representing an increase of 7.81 % compared with 2013.
- Budget and financial management: Members note that the budget monitoring efforts during the financial year 2014 resulted in a budget implementation rate of 79.34 %, representing a decrease of 4.13 % compared to the year 2013. They highlight, moreover, that the payment appropriations execution rate was at 71.97 %, representing a decrease of 5.71 % compared to the year 2013. They also note that cash and short term deposits held by the Centre further increased from EUR 40 000 000 at the end of 2013 to EUR 44 000 000 at the end of 2014, resulting in a large budgetary surplus and reserves. They call on the Centre to reduce the price of its translations. The per page price for revision increased by 23% in 2014. They call on the Centre to inform the discharge authority of the criteria which led to the establishment of prices during the financial year 2014.

Members also made a series of observations regarding procedures for payment transfers, contract awards, recruitment, internal control, prevention and management of conflict of interest, as well as about the Centres performance. In this regard, Members consider that the annual reports of the Centre could play an important role in compliance regarding transparency, accountability and integrity, closely linked to the issue of conflicts of interest.

Lastly, Members note with satisfaction the Centres adaptability project, started in 2014, which focuses on enhancing the adaptability of its staff and reducing detected skills gaps.
