Motion for a resolution objecting delegated act		B8-0868/2016	29/06/2016	EP	

Criteria relating to the methodology for setting the minimum requirement for own funds and eligible liabilities

The European Parliament, rejected by 137 votes to 488 with 57 abstentions, a motion for a resolution on the Commission delegated regulation of 23 May 2016 supplementing Directive 2014/59/EU of the European Parliament and of the Council with regard to regulatory technical standards specifying the criteria relating to the methodology for setting the minimum requirement for own funds and eligible liabilities. Qualified majority was needed for the adoption of the motion for a resolution.

This motion for a resolution, tabled on behalf of the Greens/EFA, called on the Parliament to object to the Commission delegated regulation supplementing [Directive 2014/58/EU of the European Parliament and of the Council](#) with regard to regulatory technical standards specifying the criteria relating to the methodology for setting the minimum requirement for own funds and eligible liabilities.

The Member who initiated the draft resolution called on the Commission to submit a new delegated act taking account of the recommendation to explicitly maintain in the delegated regulation the assessment, for systemic institutions, of whether the burden-sharing requirements as established by Article 44(5) of Directive 2014/59/EU could be met (according to which shareholders and creditors should make a contribution to loss absorption and recapitalisation of no less than 8 % of total liabilities including own funds).

The motion for a resolution recommended that the following be maintained in the delegated regulation: (a) the test for downward adjustments to the recapitalisation amount and peer group reference for systemic institutions; (b) the 48-month limit for the transitional period. The Commission deleted two provisions contained in the draft standards submitted by the European Banking Authority, which are important for the implementation of the minimum requirement for own funds and eligible liabilities (MREL).
