[Decision 2017/343](#)  
[OJ L 050 28.02.2017, p. 0055](#) Summary

## Mobilisation of the European Union Solidarity Fund: payment of advances in the general budget of the Union for 2017

**PURPOSE:** to mobilise the European Union Solidarity Fund to provide for the payment of advances in the general budget of the Union for 2017.

**PROPOSED ACT:** Decision of the European Parliament and of the Council.

**CONTENT:** [Council Regulation \(EU, EURATOM\) No 1311/2013](#) of 2 December 2013 laying down the multiannual financial framework for the years 2014-2020, and in particular Article 10 thereof allows for the mobilisation of the European Union Solidarity Fund, within an annual ceiling of EUR 500 000 000 (2011 prices), over and above the relevant headings of the financial framework.

Point 11 of the [Interinstitutional Agreement](#) of 2 December 2013 between the European Parliament, the Council and the Commission on budgetary discipline, on cooperation in budgetary matters and on sound financial management<sup>2</sup> sets out the modalities for the mobilisation of the Fund.

The conditions of eligibility to the Fund are detailed in [Council Regulation \(EC\) No 2012/2002](#) establishing the European Union Solidarity Fund, which foresees that an amount of up to a maximum of EUR 50 million in both commitment and payment appropriations shall be included in the budget for the payment of advances.

The Commission considers it necessary to provide for this mobilisation in order to ensure the timely availability of budgetary resources and therefore proposes to include this amount in the Draft Budget 2017.

## Mobilisation of the European Union Solidarity Fund: payment of advances in the general budget of the Union for 2017

The Committee on Budgets adopted the report by Patricija ULIN (EPP, SI) on the proposal for a decision of the European Parliament and of the Council on the mobilisation of the European Union Solidarity Fund to provide for the payment of advances in the general budget of the Union for 2017.

Members recalled that the current proposal for a decision of the European Parliament and of the Council is not linked to a specific disaster. Instead, it aims at entering into the general budget of the Union for 2017 the amount of EUR 50 million in commitment and payment appropriations for the payment of advances in a timely and efficient way in the event of a disaster occurring next year.

This is the direct result of a new provision in the [2014 Amending Regulation](#) (Art. 4a), strongly defended by the European Parliament, which aims at speeding up the disbursement of aid to affected countries through the payment of an advance before the final award decision has been taken, thus enhancing the Fund's effectiveness.

The report recalled that the EUSF is not simply another form of EU financial support, but that it also contributes to sending a clear political message of solidarity, while providing much-needed assistance to affected citizens. A prompt response capacity, including through the payment of an advance, will help the Union achieve these objectives.

Therefore the committee called on the European Parliament to approve its decision annexed to the draft resolution in order to ensure that the EU 50 million is included in the 2017 Budget.
