Final act

Decision 1996/174 OJ L 051 01.03.1996, p. 0048 Summary

Monetary, financial and balance of payments statistics (amend. Decision 91/115/EEC)

The Commission's proposal seeks to officially include the European Monetary Institute (EMI) in the Committee on monetary, financial and balance of payment statistics. This will allow the EMI to complete its tasks, and in particular to promote the harmonisation of the rules and practices governing the collection, compilation and distribution of statistics in the areas within its field of competence, in order to ensure the necessary degree of consistency in the production of statistics with the Commission and the Member States. The proposal also seeks to specify that for consultation of the Committee, the individual Member States, the Commission and the EMI shall have one vote each. ?

Monetary, financial and balance of payments statistics (amend. Decision 91/115/EEC)

PURPOSE: to amend Council Decision of 91/115/EEC establishing a Committee on monetary, financial and balance of payment statistics. **COMMUNITY MEASURE:** Council Decision 96/174/EC amending Decision 91/115/EEC establishing a Committee on monetary, financial and balance of payments statistics. **CONTENT:** The Decision seeks to officially include the European Monetary Institute (EMI) in the Committee on monetary, financial and balance of payments statistics. This is to allow the EMI complete it tasks which include promoting the harmonisation, where necessary, of the rules and practices governing the collection, compilation and distribution of statistics in the areas within its field of competence. The Committee may express opinions on its own initiative on any questions relating to those statistics that are of common concern to the Commission and national statistical authorities, on the one hand, and the EMI and national central banks, on the other. Finally, the Committee shall be composed of one,two or three representatives per Member State, coming from the institutions principally concerned with financial, monetary and balance of payments statistics, up to three representatives of the Commission and up to three representatives of the EMI. In addition, one representative of the Monetary Committee may attend the meetings of the Committee, as an observer. Each Member State, the Commission and the EMI will have one vote each. The Committee shall elect its own chairman according to the detailed rules laid down in its rules of procedure.?
