## 2017 discharge: European Foundation for the Improvement of Living and Working Conditions (Eurofound)

**PURPOSE:** presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2017, as part of the 2017 discharge procedure.

Analysis of the accounts of the European Foundation for the Improvement of Living and Working Conditions (Eurofound).

**CONTENT:** the organisational governance of the EU consists of institutions, agencies and other EU bodies whose expenditure is included in the general budget of the Union.

This Commission document concerns the EU's consolidated accounts for the year 2017 and details how spending by the EU institutions and bodies was carried out. The consolidated annual accounts of the EU provide financial information on the activities of the institutions, agencies and other bodies of the EU from an accrual accounting and budgetary perspective.

It is the responsibility of the Commission's Accounting Officer to prepare the EU's consolidated annual accounts and ensure that they present fairly, in all material aspects, the financial position, the result of the operations and the cash flows of the EU institutions and bodies with a view to granting discharge.

Discharge procedure: the final step of a budget lifecycle is the discharge. It is the decision by which the European Parliament releases the Commission from its responsibility for management of a given budget by marking the end of that budget's existence. It is granted by the European Parliament on the recommendation of the Council.

The decision is based in particular on the European Court of Auditors reports, in particular its annual report, in which the Court provides a Statement of Assurance (DAS) on the legality and regularity of transactions (payments and commitments).

The procedure results in the granting, postponement or refusal of discharge.

The final discharge report including specific recommendations to the Commission for action is adopted in plenary by the European Parliament and are subject to an annual follow up report in which the Commission outlines the concrete actions it has taken to implement the recommendations made.

All EU institutions and other agencies, bodies and joint undertakings are subject to their own discharge procedures.

Eurofound: the Foundation, which is located in Dublin (IRL), was set up by [Council Regulation \(EEC\) No 1365/75](#) aims to contribute to the planning and establishment of better living and working conditions in the Union by increasing and disseminating knowledge which is relevant to this subject.

The year 2017 marked the first year of Eurofound's new multiannual programme Towards upward convergence 2017-2020 which covers the more traditional areas of Eurofound's expertise (Working conditions, Industrial relations, Labour market change and Quality of life) and new challenges for Europe: the Digital age and Monitoring convergence.

As regards the Foundations accounts, these are presented in detail in the document on the consolidated annual accounts of the European Union for 2017:

Commitment appropriations:

- available: EUR 21 million;
- made: EUR 20 million.

Payment appropriations:

- available: EUR 24 million;
- made: EUR 20 million.

For further details on expenditure, please refer to [Eurofound's 2017 annual accounts](#).

## 2017 discharge: European Foundation for the Improvement of Living and Working Conditions (Eurofound)

---

Having examined the revenue and expenditure accounts for the financial year 2017 and the balance sheet as at 31 December 2017 of the European Foundation for the Improvement of Living and Working Conditions (EUROFOUND), as well as the Court of Auditors' report on the annual accounts of the Foundation for the financial year 2017, accompanied by the Foundation's replies to the Court's observations, the Council recommended the European Parliament to give a discharge to the Director of the Foundation in respect of the implementation of the budget for the financial year 2017.

The Council welcomed the Court's opinion that, in all material respects, the Foundation's annual accounts present fairly its financial position as at 31 December 2017 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of the Foundation's Financial Regulation, and that the underlying transactions for 2017 are legal and regular in all material respects.

Nevertheless, the following observations were made:

- accounting: the Council regretted the deficiencies found by the Court in the Foundation's accounting environment. It called on the Foundation to take appropriate actions mainly to ensure the accounting officer's independence;
- procurement: whilst taking note of the Foundation's reply and actions taken, the Foundation should ensure the full implementation without unjustified delay of electronic public procurement.

## 2017 discharge: European Foundation for the Improvement of Living and Working Conditions (Eurofound)

---

The Committee on Budgetary Control adopted the report by Petri SARVAMAA (EPP, FI) on discharge in respect of the implementation of the budget of the European Foundation for the Improvement of Living and Working Conditions (Eurofound) for the financial year 2017.

The committee called on the European Parliament to grant the Director of the Foundation discharge in respect of the implementation of the Foundations budget for the financial year 2017.

Noting that the Court of Auditors stated that it had obtained reasonable assurance that the annual accounts of the Foundation for the financial year 2017 were reliable and that the underlying transactions were legal and regular, Members called on Parliament to approve the closure of the Foundations accounts.

They made, however, a number of recommendations that needed to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

Foundations financial statements

The final budget for Eurofound for the financial year 2017 was EUR 20 000 000 representing a decrease of 1.49 % compared to 2016.

#### Budget and financial management

Members noted with appreciation that the budget monitoring efforts during the financial year 2017 resulted in a budget implementation rate of 100 %, the same as in the 2016. Payment appropriations execution rate was 80.7 %, representing a decrease of 4.1 % compared to 2016.

Members also made a series of observations regarding procurement, staff policy and internal controls.

In particular, they noted that:

- on 31 December 2017, the establishment plan was 95.70 % completed, with 89 officials or temporary agents appointed out of 93 authorised under the Union budget.
- that the Foundation reported underpayments and overpayments to thirty staff members for the period 2005 to 2014 in relation to the transition to the new EU Staff Regulations in 2005. The Foundation corrected all underpayments, but will not recover the overpayments;
- by the end of 2017, the Foundation was not yet using all of the tools launched by the Commission aimed to introduce a single solution for the electronic exchange of information with third parties participating in public procurement procedures (e-procurement);
- the Foundation implemented an ethics code and that the Foundation is committed to informing the discharge authority about any case of alleged or confirmed conflict of interest;
- there is a need to strengthen the accounting officers independence by making him directly responsible to the Foundations director and management board.
