According to the elements for joint conclusions:

- the 2018 payment appropriations related to the mobilisation of the Flexibility Instrument in 2014, 2016, 2017 and 2018 are estimated by the Commission at EUR 678.3 million.

Similarly, the joint text confirms some cross-cutting issues relating to decentralised agencies and more specifically on the granting of posts to Europol, Eurojust, the European Asylum Office, the European GNSS Agency and the European Securities and Markets Authority.

A comprehensive package of 87 pilot projects/preparatory actions (PP/PA), for a total amount of EUR 100 million in commitment appropriations is agreed as proposed by the Parliament in addition to the preparatory action proposed by the Commission in the Draft budget 2018.

The commitment appropriations are set as follows:

- Heading 1a - Competitiveness for growth and jobs: EUR 22 001.5 million, with no margin left under the expenditure heading 1a ceiling set at EUR 21 239 million, and the use of the Global Margin for Commitments for an amount of EUR 762.5 million;

- Heading 5 - Administration: EUR 9 665.5 million, leaving a margin of EUR 362.5 million under the expenditure ceiling of heading 5, after the use of EUR 318 million of the margin to offset the mobilisation of the Contingency margin in 2017.

The joint text also contains two joint statements by the European Parliament, the Council and the Commission respectively on:

- payment appropriations: the statement recalled the need to ensure, in the light of implementation, an orderly progression of payments in relation to the appropriations for commitments so as to avoid any abnormal level of unpaid invoices at year-end. The Council and the European Parliament will take any necessary decisions in due time for duly justified needs to prevent the accumulation of an excessive amount of unpaid bills and to ensure that payment claims are duly reimbursed;
- the Youth Employment Initiative: the three institutions recall that reducing unemployment, and in particular, youth unemployment, remains a high and shared political priority. They reaffirmed their determination to make the best possible use of budgetary resources available to tackle it, and in particular through the Youth Employment Initiative.

Lastly, the Council recalled that the deadline for the full implementation of the 5% workforce reduction has been set for 2017. However, as not all the institutions, bodies and agencies have met this reduction target, the Council urged that efforts be continued in 2018 to respect the agreement.
